Maclay Fired from Job in Navy Yard---Civil Service Commission Turns Him Down.

PRESIDENT HAS RIGHT TO DISMISS

President Proctor of the Civil Service Board Tells Schley's Assailant That the President's Power is Ample and There is Cause.

New York, Dec. 26.—Edgar Stanton Maclay, who refused to resign as special laborer in the office of the general storekeeper of the navy yard, was summarily discharged today. Maclay went to the navy yard as usual today and prepared to resume his duties. Pay Director Putnam went to Maclay's desk, read him the telegram of dismissal received from Washington yesterday and told him that he was dismissed. Maclay left the yard immediately. He said he would return at the usual time tomorrow, prepared to go to work.

NO HELP FOR MACLAY.

Washington, Dec. 26.—The civil service commission today notified Edgar S. Maclay, the historian recently employed in the Brooklyn navy yard, that his removal from his position at that point was not in violation of the civil service act. This notification is contained in a letter written to Mr. Maclay by President Proctor, of the commission, and is in reply to an inquiry from him.

MACLAY'S LETTER.

Mr. Maclay's letter is as follows:

"Office of the General Storekeeper, Navy Yard, New York, Dec. 24, 1901.—Hon. John R. Proctor, President Civil Service Commission: Sir: On December 23, yesterday, I received the following communication from the secretary of the navy:

" 'Sir—I am directed by the president to ask Edgar S. Maclay, special laborer, general storekeepers' office, navy yard, New York, to send in his resignation.

(Signed.)

" 'John D. Long, Secretary.'

"This communication was addressed to the commandant of this navy yard, and was duly forwarded to me. I desire to get an authoritative opinion from the civil service commission on the following points:

"1. Has the president of the United States any authority under the laws governing civil service to demand the resignation of a civil service employe in the classified list?

"2. Has the president the authority or power to cause the dismissal of any civil service employe without preferring charges in writing and giving said employe an opportunity in which to make a defense?

"Very respectfully yours,

(Signed.) "Edgar S. Maclay."

COMMISSIONER'S REPLY.

To this the commission replied:

"December 26, 1901.—Mr. Edgar S. Maclay, Office of the General Storekeeper, avy Yard, New York, N. Y: Sir—The commission is in receipt of your letter of December 24, 1901, asking its opinion upon the following questions:

"Has the president of the United States any authority under the laws governing civil service to demand the resignation of a civil service employe in the classified list?

"Has the president the authority or power to cause the dismissal of any civil service employe without preferring charges in writing and giving said employe an opportunity in which to make a defense?

"In response, you are informed that it is contrary to the practice of the commission to undertake to answer hypothetical questions. Your separation from the service, according to the facts in your case as they appeared in the public press, was made upon the order of the secretary of the navy, in whom the power of removal rests. The demand for your resignation, followed by your removal, upon the direction of the president, through the secretary of the navy, was not in violation of the civil service act and rules, in view of the well known facts in your case.

"The object of the rule requiring a ing was to prevent er

secret charges. No issue of this kind is involved in your case.

"Very respectfully,

(Signed.)

"John R. Proctor, President."

GIVES OUT STATEMENT.

President Proctor, of the civil service commission, also gave out the following statement bearing upon the case:

"The commission has always held, as shown in its thirteenth report, January 1, 1897:

" 'The civil service act did not intend that incompetent persons should be retained in office. The authority of removal and its exercise for proper reasons are necessary for the discipline and the efficiency of the public service. The power of removal is not affected by the law or the rules, further than that they provide that removals shall not be made for political or religious reasons.'

"The rule of the president, July 27, 1897, requiring that a person should only be removed for just cause and upon reasons in writing and after an opportunity for making answer, was for the purpose of preventing political or religious removals or removals upon secret charges, but was in no way intended to curtail the power of removal for just cause. Under this rule the reasons for a removal are to be a matter of record, but it does not impair in the slightest degree the prompt exercise of the power of descipline. In discussing this rule in the fourteenth report of the commission, December 31, 1897, it is stated that 'if the reasons are sufficient the officer will not hesitate to make the removal.' It cannot be asserted that Maclay's removal was for political or religious reasons or upon secret charges, as the reasons for the department's action are well known, both to Maclay and the public."

NO RECOURSE FOR MACLAY.

Richmond, Ind., Dec. 26.—William Dudley Foulke of the civil service commission, when asked last night with regard to the report that E. S. Maclay had addressed him, asking if the president can demand a civil service employe's resignation and if the president can discharge an employe without a hearing, said: "Of course the president can demand Maclay's resignation. If Maclay has libeled Admiral Schley he can be very quickly and properly removed. No hearing is necessary unless he is in the competitive service, and even in that case the rule which requires written reasons and a reasonable time for answering them may be modified or abrogated by the president. The president has practically absolute power in such cases."

HIS LEG WAS BROKEN.

Fred Horsfeldt, an employe of the Perrine-Armstrong mills, on Winter street, suffered a fractured leg while at work at 1 o'clock this afternoon. A chain used in hoisting some timbers broke, and snapping backward, struck Horsfeldt upon the leg below the knee, fracturing the tibia. The injured man was removed to Hope hospital by the police ambulance and his injury dressed.

ANNOUNCEMENT AUTHORIZED.

Washington, Dec. 26.—It was announced authoritatively last evening that Governor Leslie M. Shaw, of Iowa, would be appointed secretary of the treasury to succeed Lyman J. Gage.

There will be no change in the office of secretary of agriculture. Secretary Wilson, also of Iowa, continuing to retain that portfolio. The date of transfer of the treasury depart- will

ence of the outgoing and incoming secretry, Mr. Gage having signified an entire willingness to remain at the head of his department until such time as it may be agreeable to his successor to take hold. It is supposed, however, that Governor Shaw will be inducted into office some time in January. It has been known for two or three days that Governor Shaw was slated for appointment to succeed Secretary Gage, but it was not until today that the Iowa executive accepted the tender made to him.

DRUNKARD STABS SON.

Greensburg, a., Dec. 26.—While intoxicated yesterday John Anderson, a well known veteran of the civil war, stabbed his son Charles, aged eighteen, three times, the knife penetrating the lungs and fatally wounding the young man. The aged wife was also cut on the hands by the infuriated husband. Anderson is in jail awaiting the results of his son's injuries.

YOUNG CASSADY A PRISONER.

South Bend, Ind., Dec. 26.—George L. Cassady, 18 years of age, the son of G. B. Cassady, the millionaire vice president of the South Bend Chilled Plow company, is a prisoner in his father's house because of his marriage yesterday to Miss Carrie Horein, a chambermaid in a South Bend hotel. The father declared that his son was not of marrying age, and that he will hold him a prisoner until the marriage can be annulled by the courts, to which he will make application today.

The infatuation of young Cassady for Miss Horein was suspected by the parents, and steps were taken to prevent their marriage. When young Cassady applied for a license it was refused, and the father notified. The lovers, however, had gone to Niles, Mich., and been married.

CONNER-KISER.

Miss Flora E. Kiser and Roy I. Conner, both of Whitley county, were united in marriage on Christmas day at the residence of Rev. Zach. Harris, pastor of the West Creighton avenue Church of Christ. The young people are well known and prominent in their home county. They will make their home on the groom's farm, half a mile south of Dunfee. Mr. Conner is a school teacher.

ANOTHER DEATH RESUTS.

Philadelphia, Pa., Dec. 26.—Another death occurred today as the result of a fire last night in the home of James H. Connelly in West Philadelphia. Mary Connelly, aged 4 years, was burned to death last night and today Mrs. Ella Connelly, 28 years old, wife of James Connelly, died in a hospital from injuries received through leaping from a second story window. Harry Connelly, 2 months old, was fatally injured and his death is momentarily expected. Three other members of the family who were badly burned will recover.

PANIC AMONG WORSHIPPERS

TWO BAD MEN TRY TO CLEAN OUT THE LEGG FAMILY.

Piketown, Ohio, Dec. 26.—Six men were probably fatally wounded in a general fight at a small country church at Pike postoffice last night and a panic took place among the worshippers. During a religious meeting Charles and Orrin Day appeared and announced that they had "come to clean out the Leggs," a family with which the Days have had frequent quarrels. A general fight resulted in the church and around it, women and children shrieked and sought safety from revolvers and knives by jumping from the windows. Only the minister, Rev. Rowe, remained. At the close six men lay wounded, Orrin and Charles Day, Wesley Legg, Joseph Williams, John Currant and Lebanon Williams. Physicians were called from Piketon and Idaho to attend the wounded men and the sheriff was notified. It is believed the six men will die. Many others were slightly injured.

DANES LIKE NEW GAME.

Copenhagen, Saturday, Dec. 14.—(Correspondence of the Associated Press.)—Imports from the United States into Denmark have been very large during the past few years. Some lines of goods have become popular and new articles are gradually finding their way into the Danish markets. One article that is new here and which seems to have gained favor at once is the billiard table. Prof. Tingelstad, recently appointed professor of Scandinavian languages and literature at the University of North Dakota, is in Copenhagen for the purpose of studying old Norse and other branches in his line of work at the University of Copenhagen.

FOUR KILLED IN A WRECK.

Sault Ste Marie, Ont., Dec. 26.—The local express and a working train on the Canadian Pacific railway this place and Webbwood while running at full speed and four men or more were killed and several severely wounded. The crew of the working train, which contributed most to the killed, were from the Michgan Soo. With the exception of Engineer McDivit, the names of the dead have not been learned. Engineer Christopher. Fireman Miller, Conductor Gould and the baggageman of the express were seriously wounded. A train with doctors was sent to the scene.

WILL NOT APPEAL.

London, Dec. 26.—The lawyers of H. St. John Dix, who is accused of larceny committed in the United States and with wrecking the Scandinavian American bank at Whatcom, Wash., say they will not appeal against the decision of the magistrate at the Bow street police court, who on December 17 granted the demand for the extradition of Dix. The lawyers arrived at this decision on account of the costliness of the appeal. Dix probably will sail for the United States January 4.

DISLOCATED KNEE CAP.

Miss Lydia Bowser, daughter of Wesley Bowser, residing at 184 John street, was the victim of an unusual and painful accident Wednesday evening. Miss Bowser had been attending the Christmas exercises at Bethel Evangelical church and on returning home stooped to remove her rubber overshoes. In some manner she became overbalanced and fell, dislocating her left knee-cap. Dr. A. E. VanBuskirk attended the injured young lady.

A CHRISTMAS WEDDING.

A quiet Christmas wedding was solemnized Wednesday at the residence of William Kemple, 68 Walton avenue, when Miss Annie M. Meinesmith, of Albion, was united in marriage to John W. Stringfellow, the officiating clergyman being Rev. J. W. Bolingbroke. The groom is employed as a ist at the Western Gas Construction company's works. Mr. and Mrs. Stringfellow will go to housekeeping at No. 68 Walton avenue.

ORGANIZE A MALE QUARTET.

The young people of Emmaus Lutheran church are making arrangements for a series of entertainments, musical and dramatic, for the winter months and for this purpose the Mutual Entertainment society was formed some time ago. A male quartet will be chosen soon, composed of four of the best singers in the society, and they will be under the direction of the choirmaster of Emmaus church.

BLUE ROCK SHOOTING MATCH.

There was an interesting shooting match at Brookside farm yesterday afternoon, the contestants being George T. Ladd, Frank S. Smock and Dr. G. M. Lesley. Blue rocks were employed and the following was the score: Lesley, 15 out of 17; Smock, 13 out of 17; Ladd, 12 out of 17.

LAKE SHORE HOTEL SCORCHED.

The fire department was called out about 7 o'clock this morning to extinguish a fire in the Lake Shore hotel at the Lake Erie railway crossing on Cass street. The fire originated in the wash room from an overheated chimney. The damage is estimated at $25.

A RACE WAR IN NEW YORK

WHITES AND BLACKS HAVE SKIRMISH IN HARLEM.

Revolvers, Stones and Clubs Freely Used—Four Men Badly Injured—Police Called.

New York, Dec. 26.—A race skirmish between whites and blacks in Harlem yesterday developed serious proportions and kept the police busy for a time. The negroes, 100 strong, were armed with revolvers and clubs, while equally as many whites used stones and weapons. The negroes had the advantage, but were driven back into their tenements by the police after they had charged on the whites with pistols and razors. Fifteen negroes were arrested. Four whites, including a policeman, were badly shot or cut.

The rioting began when some white boys stoned two colored girls, whereupon a dozen negroes seized the white boys and beat them. The white boys when released told their story to the white men in the vicinity and an organized attack was made on the negroes, who were driven back to their tenements under a shower of stones. The confusion increased when the white men began to bombard the tenements with stones and other missiles, and the negroes fired from their windows into the crowd. The whites, surprised by the shooting and seeing men fall wounded, turned and ran, followed by the negroes, who used knives and clubs freely.

At this point a squad of policemen arrived on the scene and with drawn clubs stopped the rioting, chasing the negroes into their houses.

DIED OF HEART DISEASE.

San Francisco, Dec. 26.—Walter Morosco, the well known theatrical manager, who recently disposed of his lease of the Grand opera house in this city to a syndicate, is dead of heart disease at his home in Fruitvale. He was a native of Guilford, Conn., aged fifty-five years. His family name was Bishop.

PROTOCOL IS SIGNED.

Santiago de Chili, Dec. 26.—(Via Galveston, Texas)—A protocol establishing a modus vivendi between Chile and Argentina was signed yesterday. The text will be given to the public here and at Buenos Ayres tomorrow (Friday). Public feeling is satisfied and all is perfectly tranquil.

NEW OFFICERS ELECTED.

At the annual meeting of the Builders' exchange in their hall, corner of Clinton and Berry streets, the following officers were elected: President, B. Borkenstein; vice president, J. M. Henry; secretary, J. H. Meyer; treasurer; Mr. Mollet. The exchange is in a flourishing condition and new members are added each meeting.

The many friends of Harry T. Stevens and Mrs. Lou Chance, both of whom formerly resided in Fort Wayne, will be surprised to hear that they were married in Chicago on Christmas eve.

CORROSIVE SUBLIMATE IN HOU

Post Mortem Discloses Conditions That Sup Poisoning Theory---Gruesome Tragedy Discovered in the Shaffer House on Broadway---One More Will Die.

Officers today are energetically at work in the attempt to unravel something of a mystery surrounding a horrifying discovery made at 3 o'clock yesterday afternoon at the home of George Shaffer, Broadway and Brackenridge streets, where George Shaffer and Annie James were found dead and Henry Anderson dying from asphyxiation. Anderson was hurried to Hope hospital, where despite the efforts of medical skill he remains in an unconscious condition. Physicians regard his death as a matter of but a short time, and do not believe he will revive to tell the story.

There was at first the presumption that it had been a plain case of asphyxiation. Today, however, post mortem examinations upon the remains of the James woman and Shaffer reveal in each case a general congestion of the stomach and bowels, which may indicate the presence of a corrosive poison. In a paper box in Anderson's room was found several tablets of bichloride of mercury or corrosive sublimate and upon a paper on the kitchen table were other smaller tablets, the precise nature of which has not yet been determined. The stomach of the dead woman, together with a portion of the lung, the liver and the kidney, were removed this morning and will be submitted to a chemical analysis by Dr. A. H. Macbeth at the direction of Coroner Barnett.

NEPHEW FOUND THEM.

Jacob W. Keller, who conducts a grocery and meat market at 293 Maumee avenue, and is a nephew of Shaffer, made the discovery at the Shaffer home. The house is a small brick structure, one and one-half stories in height, and the interior conditions are squalid and forbidding. Keller had been visiting some friends in South Wayne and stopped at the Shaffer home on his return to see his uncle for a few minutes. His knock upon the front door brought no response, and going to the rear of the house Keller found the kitchen door standing open to a distance of eight or ten inches.

He entered the kitchen, where the gas in the stove was burning at full force and hearing no one about the place passed on into the front room, where years ago his uncle conducted a grocery, and where the shelving and counters still remain. Across the counter lay a piece of heavy rope, and thoughts of suicide or of robbers flashed through his mind. About this time he noticed the heavy fumes of gas permeating the house, and passing into a small bedroom off the kitchen found Anderson lying upon a cot, barely alive.

Efforts to arouse him failed, and Keller hurried upstairs, where his uncle was in the habit of sleeping. Gas fumes in the stairway were almost suffocating, and upon a bed in the room at the head of the stairs he found the James woman. Her body was rigid in death, and the disarranged bed clothing and contorted position of her body told of the death struggle as the fumes overcame her. Upon his bed in the room adjoining lay Shaffer's dead body. He was enveloped in bed clothing entirely to his face, and lay in a perfectly natural position as though death had come in sleep and without a struggle. The James woman had thrown a portion of the clothing from her bed and upon the floor beside her bed was an overturned tin cup, which had contained some liquid, traces of which could still be seen upon the floor.

HURRIED FOR AID.

Keller threw open some of the windows of the house and hurried across the street to enquire for a physician. He notified the [illegible] and the [illegible] and met

The patient was lifted into the ambulance and to Hope hospital, while Actin ouer Dr. A. E. VanBuskirk was ed to begin the examination in death of Shaffer and the Jam man.

It took but a short time for news to spread, and within minutes a big crowd of ope surrounded the Shaffer home, the officers took charge. A bodies were fully dressed, wi exception of shoes. After the cers had made an examination place the dead bodies were rem by the undertakers, Shaffer's being taken in charge by Wellman, with whom Sha made a contract some years a bury him. The remains of the woman were taken to the Pelt dertaking rooms.

Pay Director Putnam went to Maclay's desk, read him the telegram of dismissal received from Washington yesterday and told him that he was dismissed. Maclay left the yard immediately. He said he would return at the usual time tomorrow, prepared to go to work.

NO HELP FOR MACLAY.

Washington, Dec. 26.—The civil service commission today notified Edgar S. Maclay, the historian recently employed in the Brooklyn navy yard, that his removal from his position at that point was not in violation of the civil service act. This notification is contained in a letter written to Mr. Maclay by President Proctor, of the commission, and is in reply to an inquiry from him.

MACLAY'S LETTER.

Mr. Maclay's letter is as follows:

"Office of the General Storekeeper, Navy Yard, New York, Dec. 24, 1901.—Hon. John R. Proctor, President Civil Service Commission: Sir: On December 23, yesterday, I received the following communication from the secretary of the navy:

"'Sir—I am directed by the president to ask Edgar S. Maclay, special laborer, general storekeepers' office, navy yard, New York, to send in his resignation.

"This communication was addressed to the commandant of this navy yard, and was duly forwarded to me. I desire to get an authoritative opinion from the civil service commission on the following points:

"1. Has the president of the United States any authority under the laws governing civil service to demand the resignation of a civil service employe in the classified list?

"2. Has the president the authority or power to cause the dismissal of any civil service employe without preferring charges in writing and giving said employe an opportunity in which to make a defense?

"Very respectfully yours,

(Signed.) "Edgar S. Maclay."

COMMISSIONER'S REPLY.

To this the commission replied:

"December 26, 1901.—Mr. Edgar S. Maclay, Office of the General Storekeeper, avy Yard, New York, N. Y: Sir—The commission is in receipt of your letter of December 24, 1901, asking its opinion upon the following questions:

"Has the president of the United States any authority under the laws governing civil service to demand the resignation of a civil service employe in the classified list?

GIVES OUT STATEMENT.

President Proctor, of the civil service commission, also gave out the following statement bearing upon the case:

"The commission has always held, as shown in its thirteenth report, January 1, 1897:

"'The civil service act did not intend that incompetent persons should be retained in office. KNIVES AND PISTOLS USED WITH BLOODY EFFECT.

PANIC AMONG WORSHIPPERS

TWO BAD MEN TRY TO CLEAN OUT THE LEGG FAMILY.

Piketown, Ohio, Dec. 26.—Six men were probably fatally wounded in a general fight at a small country church at Pike postoffice last night and a panic took place among the worshippers. During a religious meeting Charles and Orrin Day appeared and announced that they had "come to clean out the Leggs," a family with which the Days have had frequent quarrels. A general fight resulted in the church and around it, women and children shrieked and sought safety from revolvers and knives by jumping from the windows. Only the minister, Rev. Rowe, remained. At the close six men lay wounded, Orrin and Charles Day, Wesley Legg, Joseph Williams, John Currant and Lebanon Williams. Physicians were called from Piketon and Idaho to attend the wounded men and the sheriff was notified. It is believed the six men will die. Many others were slightly injured.

DANES LIKE NEW GAME.

Copenhagen, Saturday, Dec. 14.—(Correspondence of the Associated Press.)—Imports from the United States into Denmark have been very large during the past few years. Some lines of goods have become popular and new articles are gradually finding their way into the Danish markets. One article that is new here and which seems to have gained favor at once is the billiard table. Prof. Tingelstad, recently appointed professor of Scandinavian languages and literature at the University of North Dakota, is in Copenhagen for the purpose of studying old Norse and other branches in his line of work at the University of Copenhagen.

FOUR KILLED IN A WRECK.

Sault Ste Marie, Ont., Dec. 26.—The local express and a working train on the Canadian Pacific railway this place and Webbwood while running at full speed and four men or more were killed and several severely wounded. The crew of the working train, which contributed most to the killed, were from the Michgan Soo. With the exception of Engineer McDivit, the names of the dead have not been learned. Engineer Christopher, Fireman Miller, Conductor Gould and the baggageman of the express were seriously wounded. A train with doctors was sent to the scene.

WILL NOT APPEAL.

London, Dec. 26.—The lawyers of H. St. John Dix, who is accused of larceny committed in the United States and with wrecking the Scandinavian American bank at Whatcom, Wash., say they will not appeal against the decision of the magistrate at the Bow street police court, who on December 17 granted the demand for the extradition of Dix. The lawyers arrived at this decision on account of the costliness of the appeal. Dix probably will sail for the United States January 4.

DISLOCATED KNEE CAP.

Miss Lydia Bowser, daughter of Wesley Bowser, residing at 184 John street, was the victim of an unusual and painful accident Wednesday evening. Miss Bowser had been attending the Christmas exercises at Bethel Evangelical church and on returning home stooped to remove her rubber overshoes. In some manner she became overbalanced and fell, dislocating her left knee-cap. Dr. A. E. VanBuskirk attended the injured young lady.

A CHRISTMAS WEDDING.

A quiet Christmas wedding was solemnized Wednesday at the residence of William Kimple, 68 Walton avenue, when Miss Annie M. Mahnesmith, of Albion, was united in marriage to John W. Stringfellow, the officiating clergyman being Rev. J. W. Stringfellow. The groom is employed as a machinist at the Western Gas Construction company's works. Mr. and Mrs. Stringfellow will go to housekeeping at No. 68 Walton avenue.

ORGANIZE A MALE QUARTET.

The young people of Emmaus Lutheran church are making arrangements for a series of entertainments, musical and dramatic, for the winter months and for this purpose the Mutual Entertainment society was formed some time ago. A male quartet will be chosen soon, composed of four of the best singers in the society, and they will be under the direction of the choirmaster of Emmaus church.

BLUE ROCK SHOOTING MATCH.

There was an interesting shooting match at Brookside farm yesterday afternoon, the contestants being George T. Ladd, Frank S. Smock and Dr. G. M. Lesley. Blue rocks were employed and the following was the score: Lesley, 15 out of 17; Smock, 13 out of 17; Ladd, 12 out of 17.

LAKE SHORE HOTEL SCORCHED.

The fire department was called out about 7 o'clock this morning to extinguish a fire in the Lake Shore hotel at the Lake Erie railway crossing on Cass street. The fire originated in the wash room from an overheated chimney. The damage is estimated at $25.

A RACE WAR IN NEW YORK

WHITES AND BLACKS HAVE SKIRMISH IN HARLEM.

Revolvers, Stones and Clubs Freely Used—Four Men Badly Injured—Police Called.

New York, Dec. 26.—A race skirmish between whites and blacks in Harlem yesterday developed serious proportions and kept the police busy for a time. The negroes, 100 strong, were armed with revolvers and clubs, while equally as many whites used stones and weapons. The negroes had the advantage, but were driven back into their tenements by the police after they had charged on the whites with pistols and razors. Fifteen negroes were arrested. Four whites, including a policeman, were badly shot or cut.

The rioting began when some white boys stoned two colored girls, whereupon a dozen negroes seized the white boys and beat them. The white boys when released told their story to the white men in the vicinity and an organized attack was made on the negroes, who were driven back to their tenements under a shower of stones. The confusion increased when the white men began to bombard the tenements with stones and other missiles, and the negroes fired from their windows into the crowd. The whites, surprised by the shooting and seeing men fall wounded, turned and ran, followed by the negroes, who used knives and clubs freely.

At this point a squad of policemen arrived on the scene and with drawn clubs stopped the rioting, chasing the negroes into their houses.

DIED OF HEART DISEASE.

San Francisco, Dec. 26.—Walter Morosco, the well known theatrical manager, who recently disposed of his lease of the Grand opera house in this city to a syndicate, is dead of heart disease at his home in Fruitvale. He was a native of Guilford, Conn., aged fifty-five years. His family name was Bishop.

PROTOCOL IS SIGNED.

Santiago de Chili, Dec. 26.—(Via Galveston, Texas)—A protocol establishing a modus vivendi between Chile and Argentina was signed yesterday. The text will be given to the public here and at Buenos Ayres tomorrow (Friday). Public feeling is satisfied and all is perfectly tranquil.

NEW OFFICERS ELECTED.

At the annual meeting of the Builders' exchange in their hall, corner of Clinton and Berry streets, the following officers were elected: President, B. Borkenstein; vice president, J. M. Henry; secretary, J. H. Meyer; treasurer; Mr. Mollet. The exchange is in a flourishing condition and new members are added each meeting.

The many friends of Harry T. Stevens and Mrs. Lee Glassco, both of whom formerly resided in Fort Wayne, will be surprised to hear that they were married in Chicago on Christmas eve.

Had Something to Do With Death of Anna James and Geo. Shaffer ---Found Dead Christmas

CORROSIVE SUBLIMATE IN HOUSE

Post Mortem Discloses Conditions That Support Poisoning Theory---Gruesome Tragedy Is Discovered in the Shaffer House on Broadway---One More Will Die.

Officers today are energetically at work in the attempt to unravel something of a mystery surrounding a horrifying discovery made at 3 o'clock yesterday afternoon at the home of George Shaffer, Broadway and Brackenridge streets, where George Shaffer and Annie James were found dead and Henry Anderson dying from asphyxiation. Anderson was hurried to Hope hospital, where despite the efforts of medical skill he remains in an unconscious condition. Physicians regard his death as a matter of but a short time, and do not believe he will revive to tell the story.

There was at first the presumption that it had been a plain case of asphyxiation. Today, however, post mortem examinations upon the remains of the James woman in each case a general congestion of the stomach and bowels, which may indicate the presence of a corrosive poison. In a paper box in Anderson's room was found several tablets of bichloride of mercury or corrosive sublimate and upon a paper on the kitchen table were other smaller tablets, the precise nature of which has not yet been determined. The stomach of the dead woman, together with a portion of the lung, the liver and the kidney, were removed this morning and will be submitted to a chemical analysis by Dr. A. H. Macbeth at the direction of Coroner Barnett.

NEPHEW FOUND THEM.

Jacob W. Keller, who conducts a grocery and meat market at 293 Maumee avenue, and is a nephew of Shaffer, made the discovery at the Shaffer home. The house is a small brick structure, one and one-half stories in height, and the interior conditions are squalid and forbidding. Keller had been visiting some friends in South Wayne and stopped at the Shaffer home on his return to see his uncle for a few minutes. His knock upon the front door brought no response, and going to the rear of the house Keller found the kitchen door standing open to a distance of eight or ten inches.

He entered the kitchen, where the gas in the stove was burning at full force and hearing no one about the place passed on into the front room, where years ago his uncle conducted a grocery, and where the shelving and counters still remain. Across the counter lay a piece of heavy rope, and thoughts of suicide or of robbers flashed through his mind. About this time he noticed the heavy fumes of gas permeating the house, and passing into a small bedroom off the kitchen found Anderson lying upon a cot, barely alive.

Efforts to arouse him failed, and Keller hurried upstairs, where his uncle was in the habit of sleeping. Gas fumes in the stairway were almost suffocating, and upon a bed in the room at the head of the stairs he found the James woman. Her body was rigid in death, and the disarranged bed clothing and contorted position of her body told of the death struggle as the fumes overcame her. Upon his bed in the room adjoining lay Shaffer's dead body. He was enveloped in bed clothing entirely to his face, and lay in a perfectly natural position as though death had come in sleep and without a struggle. The James woman had thrown a portion of the clothing from her bed and upon the floor beside her bed was an overturned tin cup, which had contained some liquid, traces of which could still be seen upon the floor.

HURRIED FOR AID.

Keller threw open some of the windows of the house and hurried across the street to enquire for a telephone. He notified the police department from engine house No. 5, and within a short time the patrol wagon, with Superintendent Gorsline and other officials were on the scene. Anderson was barely breathing, and Dr. Schulz, who was summoned, made a futile effort to resuscitate him. The patient was then lifted into the ambulance and taken to Hope hospital, while Acting Coroner Dr. A. E. VanBuskirk was called to begin the examination into the death of Shaffer and the James woman.

It took but a short time for the news to spread, and within a few minutes a big crowd of spectators surrounded the Shaffer home, where the officers took charge. All the bodies were fully dressed, with the exception of shoes. After the officers had made an examination of the place the dead bodies were removed by the undertakers, Shaffer's body being taken in charge by Henry Wellman, with whom Shaffer had made a contract some years ago to bury him. The remains of the James woman were taken to the Peltier undertaking rooms.

All the windows in the house had been found closed and fastened, the only air which could have reached the sleeping inmates coming through the partially opened door at the rear. The gas in the kitchen stove was still burning and inside the nauseating fumes of the escaping gas were discernable for hours after the discovery. When an attempt was made to turn out the gas in the kitchen stove it was found impossible to shut it off entirely. The chimney was found, partially stopped up by soot and ashes which had collected there, showing that it had been inadequate to either promote complete combustion or to carry off the gas which poured through the wide-open valve. Upon the stand in Anderson's room was the box of poisonous bichloride of mercury tablets, and upon the kitchen table lay the smaller tablets upon a paper, weighed down by a large doorkey. A basket which belonged to the dead woman, contained an empty pocketbook, two cheap novels and some articles of feminine wearing apparel. The furnishings of the rooms were meagre and squalid, and on the whole the place was about as uninviting as could be imagined.

WAS WELL KNOWN.

George Shaffer, who occupied and owned the house, was a well known character about the city. He suffered from a deformity of the hip, which crippled him badly, and during the past few years had been given to excessive indulgence in liquor. He came from Pennsylvania many years ago, formerly conducted a small grocery in the front room of his dwelling and was at one time quite well-to-do. His appetite for liquor, however, made him a disagreeable neighbor, and other people living in the neighborhood had little or nothing to do with him. Since the death of his wife some years ago, he had frequently surrounded himself with women of the Annie James stripe in the capacity of housekeeper, and furnished a shelter to other undesirable people. Shaffer was about 65 years old, and so far as is known had no close relatives in this city. Some of his relatives are yet in Pennsylvania, and others reside at Coffeeville, Kan. Though at one time in comfortable circumstances, recent conversations with his nephew lead the latter to believe that he had little left except the home in which he lived.

The James woman was about 40 years old, and has a long record in police circles, where she is known as "Tin Can Annie," though she had not been under arrest recently, and the officers had heard no complaints concerning her lately. She also had been addicted to liquor, and it is said

WIN TROUBLES

THEY ARE OFTEN TOGETHER FOR DAYS—THEY WORK HAVOC ALL OVER THE COUNTY AND IN FORT WAYNE.

Weak, nervous, the digestion out of order—that is what ails a host of people. It comes about in this way: First, from overwork or other causes, the nerves are burdened beyond endurance, nerve waste is not replaced, nerve force is weakened, then the stomach loses its nerve controlling power and indigestion follows with failing strength. When first Dr. A. W. Chase's Nerve Pills came to Fort Wayne people could hardly be convinced that this great medicine would remove these troubles. Now it is an accepted fact, because of their cure of very stubborn cases no other medicine would influence. Mrs. J. Lemmle, of No. 52 Barr street, Fort Wayne, Ind. says: "From a faithful use of Dr. A. W. Chase's Nerve Pills in my house with a relative whose stomach was very weak and would hardly retain food when eaten, though hungry all the time, and the results obtained in the making strong of the stomach and indigestion again with an ability to retain food eaten I can recommend the medicine to others affected in a like manner as reliable, safe, certain and easy of action. Meyer Bros. & Co., of No. 14, Calhoun street, are to be commended for introducing them."

Dr. A. W. Chase's Nerve Pills are sold at 50c a box at dealers or Dr. A. W. Chase Medicine Co., Buffalo, N. Y. See that portrait and signature of A. W. Chase, M. D., are on every package.

THE NEWS OF THE POLICE

SEVEN CULPRITS FACE THE MAGISTRATE.

Plain and Fancy Christmas Jags Made Up the Bulk of the Business—In Police Circles.

It was a motley group that faced the judge's stand this morning at police court and there was so many of it that it sat in two tiers. Carefully counting noses one of the prisoners facetiously quoted "We are Seven." The municipal court is one of the odd features of the city administration and a fellow can never tell where it is at nor what it is going to do next. Yesterday morning there was no judge present and this morning the judge was represented by proxy, but the prosecuting attorney was not present by proxy or otherwise. Judge O'Rourke, last spring in ruling on the base ball cases, reversed the finding of the lower court principally on the grond that the state was not represented at the trials and that there could be no legal finding in any case in which the state was the plaintiff unless the state was represented. However this may be, court this morning went merrily on and as a result four individuals are now boarding with Sheriff Stout, two are out under suspended sentences and the seventh stayed the docket for $15. Either the police judge or Judge O'Rourke has made a mistake, but that don't get the fellows who went over anything, although the community is much better off with the fellows locked up than with them at large. Judge Louttit, having gone to Chicago to look after some matters connected with the distribution of his new book, J. R. Bittenger occupied the bench.

Frank Wing and Fred Snyder, two young lads, pleaded not guilty to charges of intoxication and were relegated to the rear while the evidence in the cases of the other five was heard. "Slim" Weisburger admitted that he was drunk on Tuesday night and said that he tore down a counter chandelier and threw some milk pitchers and sugar bowls and things against the inside door of Oscar Wobrock's restaurant, thinking that it was Hugh O'Reilley's saloon. He said that he had been in O'Reilley's place until after 1 o'clock and that somebody in there wanted to start a fight; he was finally "turned" through the door into the restaurant and thinking that the place was one concern, he commenced firing queensware and gas fixtures around. He expressed deep penitence, said he was trying to behave himself and had never been arrested before but once. The judge assessed a fine of $5 and costs, which was stayed on the docket by the young man's father.

John Foster, the colored gentleman, also a hold-over from Tuesday, admitted that he was drunk, but wanted the judge to let him off. "This ain't that kind of a court," said Judge Bittinger, "I never let anybody off that pleads guilty." John admitted that he had got out of jail only last Sunday morning and tried to impress the court with the statement: "I allus works when I'se out." "Well, John," said the court, "I guess you won't be out now for about fifteen days," and that settled John's case.

John Hammond, a one-armed hobo, admitted to being drunk, but indignantly denied that he had been begging. He said he sold pencils for a living. Officer Pappert said that he had been complained to by several parties, who said the fellow had been trying to "bum" money from every pedestrian in the vicinity of the court house. He watched him and after seeing him approach two or three persons, ran him in. Mr. Hammond will receive his mail at the county jail for fifteen days.

Jack Howard said he don't remember much about Christmas, 1901, but he thought he must have had a very pleasant time. The officer said he had fallen off a chair in the Fredericks restaurant, on Calhoun street, and was so helpless and limber when arrested that he had to be carried to the wagon. He was a stranger at police court and so he only drew one of the $11 packages.

A venerable looking individual, with a gray Texas Bill mustache, was arrested on Columbia street. When picked up he had his clothing partly removed and was evidently looking for a convenient place to go to bed on the sidewalk. He did not remember of that occurrence, but said he guessed he must have been pretty drunk. He was given eleven days.

Frank Wing and Fred Snyder were tried jointly. It was said that they had been engaged in a fight on Harrison street back of the Rich grocery, but this they denied and the charge was not pressed. Wing said he had drank only two glasses of beer and some whisky. When arrested parts of three flasks of whisky were found in his pockets. He admitted to having drank some of the missing contents of the bottles, but not all, as he had given — away. Christmas day and his own birthday anniversary fall together, and as he was just twenty yesterday he might have celebrated with more enthusiasm and eclat than he could remember, but at any rate he didn't think that he was drunk. Snyder, who is just seventeen, admitted to having drank about six beers at Schmidt's saloon, on Chicago street, but denied being drunk. On closer questioning he admitted that he was not exactly sober, either. Judge Bittinger rubbed his hands thoughtfully for a minute and then proceeded to read the boys a lecture. He finally assessed a fine of $1 and costs, but said he would suspend sentence during good behavior. As court adjourned and the prisoners were being taken downstairs to be loaded in the wagon, Hammond and Howard saw the partly filled whisky flasks taken from young Wing lying on the judge's desk. Both made a jump for them at the same time, but Coling was too quick for them and headed them off. "Aw, you old geezer," said Hammond, "your old pipes'll be hot some mornin' and I'd see y' in Helena 'fore I'd gin y' as much as a picter of an empty jug." Mr. Hammond was very much disgusted.

A water pipe was reported burst at No. 142 Montgomery street.

Patrolman White was called to the corner of Coombs and Cochran streets last night to quell a family disturbance. He played the part of a peacemaker and secured the promise of all the parties to dwell in unity during the balance of the year, anyway, and made no arrests.

Two vicious looking holes in the Calhoun street pavement in front of the Railroad Y. M. C. A. building were reported this morning. They were temporarily covered and the street department was notified.

CAPT. WHITNEY'S PRESENT.

An unique Christmas present was one received by Capt. Frank Whitney yesterday. It came from his old home "way down east" in Massachusetts, and was from an old army comrade who enlisted with Captain Whitney in '61. It consisted simply of a photograph of the captain and three companions who enlisted at the same time and had their "pictures took" in a group by the tin-type process. Two of the men were killed at the battle of Antietam, the third is still living in Massachusetts and the fourth is the genial captain. The picture received is an enlarged copy of the original and is regarded by Captain Whitney as the most cherished gift that Santa Claus brought him this year.

It is certainly to the credit of the police department to note that during the busiest ante-holiday season probably ever known in this city, not a single case of shop-lifting or pocket-picking has been reported. That there was more or less shoplifting can scarcely be doubted, because the opportunities were too numerous to be always neglected, but there were no cases serious enough to report anyway. That there was no "dipping" or pocket picking can be accounted for by the fact that the city is pretty well cleared of the class of thieves who prosper by the practice of pocket picking. The professionals are all pretty well known to the police and the locals and amateurs do not care to work at home. Credit is especially due to Officers Dickson, Pageler and Pappert, who covered the down town district. During the season Officer Dickson never got south of Wayne street, devoting his entire attention to the big stores and the banks. Pageler, whose beat extends as far west as Broadway and includes Bloomingdale, made his outside trips very short and put in every spare minute down town, while Pappert divided his time between Columbia street and Calhoun street. While the officers, perhaps, did not stop anything, their presence unquestionably had a salutory effect; one of them was always in sight from almost anywhere and they darted in and out of stores and passed through the several crowds so often that to the unitiated it probably looked as though there were not less than forty officers to a block at the least calculation. Whatever the reason, the record is a good one anyway.

in police circles, inherited her sobriquet from her habit of purchasing beer in vessels of this character, and carrying it to her stopping place to be drank. She was once married, but separated from her husband a number of years ago, and it is claimed has frequently threatened to kill herself.

Henry Anderson, who was dying when found, is an old soldier, who came to the Shaffer place a few days ago and was stopping there. The officers know little about him, but he at one time owned a large farm west of Lindenwood cemetery, and became heavily involved in debt. While Sheriff Viberg was in office a constable seized Anderson's household goods upon an attachment, and when the goods were removed from the house Anderson set fire to them and burned them up sooner than permit his creditors to realize upon them.

SHAFFER DIED FIRST.

The examination of the dead bodies by Dr. Barnett and Dr. Van Buskirk established the fact that Shaffer was the first to die, and in the opinion of the physicians the old man had been dead about twelve hours when the discovery was made Wednesday afternoon. Decomposition about the abdominal region had already begun, but was not noticeable elsewhere. The James woman, it is said, died some hours later than Shaffer, and the physicians believe her death had occurred not more than four to five hours previous to the time Keller found the bodies. There had been a hemorrhage from the woman's nose, but neither of the others were affected in this way.

Under the direction of Coroner Barnett, Dr. A. E. Van Buskirk this morning conducted the post mortem examinations, first upon the body of the woman at the Peltier morgue. Evidence of asphyxiation was plainly discernable in the lungs of the woman, but in the stomach and bowels was a general congested condition indicative of a corrosive poison, though the physicians were not prepared to say that the condition had been actually produced by the administration of a poison. It is possible that it might be due to other causes, and it is to settle this question that Dr. Macbeth has been directed to make a chemical analysis of some of the internal organs of the dead woman. This became all the more advisable when the physicians went to the Wellman undertaking establishment to hold the post mortem upon the remains of Shaffer, for here a very similar congested condition was found.

That death was due to asphyxiation seems reasonably certain, but it is also possible that a cause may be discovered why the three were so stupefied as to remain in the house when the fumes became oppressive, though the fume in itself is said to be in a way intoxicating. Cases are often found where simple asphyxiation occurs without the sufferer awakening, but it is regarded as unusual that some one of the three was not aroused unless they were under the influence of some other agent at the time. One theory is that the trio had been indulging heavily in liquor the night before, but Superintendent Gorsline says he can find no evidence to substantiate this supposition, and that the surroundings in the rooms did not indicate a carousal the night before.

WHEN HE WAS LAST SEEN.

As previously stated, the neighbors had little to do with the inmates of the Shaffer home, and paid no attention to them. No one seems to have noticed any movement about the house Tuesday evening, though some children are reported to have seen Shaffer about 9 o'clock Tuesday evening and that he was then under the influence of liquor. Others in the vicinity could give no information as to the old man's movements for several days, but it is learned that during the latter part of last week he complained of being ill, and consulted a physician. Anderson, it is believed, came to the Shaffer house on Saturday. Mr. and Mrs. Henry Sanders, who reside across the street from the Shaffer home, both recall seeing him pass by upon the street Tuesday—Mr. Sanders noticing him in the forenoon and his wife about the middle of the afternoon.

A reporter for The Sentinel this morning spent some time investigating a rumor of Shaffer's death which was said to have been in circulation as early as Saturday evening. It was retold Tuesday morning, and it appears that several people had been watching the newspapers for an account of the death, and thought it strange because they did not see it. When the bodies were found Wednesday afternoon, those who had heard early in the week that the old man had been found dead in bed were considerably amazed in view of the previous reports they had heard. Investigation today proved that the rumor had been first circulated by a 9-year-old lad living on Nelson street, who claimed that in delivering a newspaper at a home on Pritchard street Saturday evening the lady of the house had told him of Shaffer's death. When confronted by the lady the latter asserted that she had not only never told the lad of it, but that she had not heard of the death until Wednesday evening, had never seen the boy who stood before her, and was not a subscriber to the newspaper which he claimed to have delivered to her.

The remains of both Shaffer and Mrs. James are at the undertaking rooms awaiting instructions for the funeral services.

WEDDED CHRISTMAS DAY.

A very pretty wedding was solemnized yesterday at the residence of Mr. and Mrs. Fred Kanne, 164 Walton avenue, when their charming daughter, Miss Carrie, was united in marriage to George McManigal, clerk for the Pennsylvania company. Promptly at 4 o'clock the bridal procession appeared moving to the strains of Lohengrin's wedding march, played by Miss Bessie Taylor. Rev. Samuel Wagenhals, of Trinity Lutheran church, officiated, and after the congratulations the bridal party and about one hundred and twenty-five guests were seated at a 6 o'clock dinner served in three courses. The decorations were the usual greens and reds of Christmas tide. The bride, one of Fort Wayne's beautiful young ladies, looked especially charming in a dress of dove colored silk, trimmed in applique and pale blue liberty silk, finished in pearl trimmings, and carried bride's roses. She was attended by her sister, Mrs. L. G. Harris, as matron of honor, and three bridesmaids, Miss Lois Lillian Meeks, of Monroeville, and the Misses Minnie Roembke and Sophia Tegtmeyer, of this city. The attendants of the bride were dressed in pure white and carried pink roses.

The groom was attended by L. G. Harris. The out-of-town guests were Mr. and Mrs. Hugh Bond, of Chicago; Miss Daisy Reichelderfer, Henry Whitmore, Mrs. Charles Starr and Mrs. Laf Reichelderfer and son, Ray, of Maysville; Mrs. Finley and daughter, Grace, of Kewana, Ind.; Miss Miriam Meeks, of Columbia City, Ind., and the Misses Lois, Josephine and Helen Meeks, of Monroeville. The bridal couple were serenaded by the Olive quartet and a mandolin club. The bride's wedding gifts were numerous and beautiful. Mr. and Mrs. McManigal left today for a visit at Grand Rapids, and after December 29 will be at home at 164 Walton avenue.

More than two hundred guests were in attendance, and each received a present from the heavily laden Christmas tree. The Annex orchestra furnished music for a delightful dance program that closed the Christmas festivities.

The stockholders of the Utility and the Paragon Paper companies held their annual meeting at the offices of the company on Calhoun street this afternoon. There was a resume of the business of the past year and plans were evolved for the future. Business of each of the companies is in a most satisfactory condition, and a five per cent. dividend was declared upon the Paragon company's stock.

TWO CLAIMANTS FOR PONY.

An unfortunate contretemps occurred this afternoon at Wolff Bros. store when John Brink, the Bloomingdale druggist, and a gentleman named Meyers, living on Oakley street, both appeared at the store to claim the pony and cart which was awarded yesterday to the holder of purchase certificates. Both gentlemen presented certificates bearing the same number and as Wolff Bros. have but one outfit there was a dilemma. The clothiers say they will adjust the matter satisfactorily at any cost and say that the mistake was the printers'. The certificates were printed by a local printing house and Harry Wolff is this afternoon engaged in trying to make a satisfactory arrangement with the printing house which will relieve the clothing firm of all blame in the matter.

KEPT IN A SAFE.

"I saw recently in the press dispatches from Washington," said R. T. Smythe, of that city, to a St. Louis Globe-Democrat interviewer, "an item to the effect that the original copy of the Declaration of Independence was fading. The story is true in that the document is fading, but not true that this partial obliteration is of recent occurrence. Many years ago, in taking an impression of the declaration for the purpose of reproducing copies of it, an acid was used which had a most disastrous effect upon the ink with which the paper was written. The writing began to fade rapidly—so rapidly, indeed, that in a short time it was with exertme difficulty that either the text of the instrument or the signatures to it could be deciphered.

"At this time the declaration hung upon the wall in the library of the department of state. It was in a wooden case, supplied with doors, but during the hours when the library was open to the public the demands of the visitors caused the doors to be open also. The action of the light upon the document was very hurtful and in order to preserve it from further decay the secretary of state caused a specially constructed safe to be manufactured for it.

"You must possess a strong pull today to obtain a glimpse of it, for, as the years pass, the fading of the writing, while checked, nevertheless steadily continues. As a consequence the department officials guard it carefully and expose it to the light with extreme reluctance. The safe in which the declaration now rests is on the right side of the entrance to the library, while on the left-hand wall hangs the case in which it was formerly kept. A reproduction now takes its place, but ninety-nine people out of every hundred who visit the library depart after examining this copy, believing that they have seen the original.

"They have seen something, however, for below the large case is a smaller one, containing a rough draft of the declaration in exactly the form in which Jefferson wrote it. This is an original, but as acids have never touched it, it has faded only a little."

By order of the czar the sum of 10 francs has been given to each of the firemen of Reims who mounted guard before the Hotel de Ville during the visit of the Russian sovereigns.

TWIN TROUBLES

THEY ARE OFTEN TOGETHER THESE DAYS—THEY WORK HAVOC ALL OVER THE COUNTRY AND IN FORT WAYNE.

Weak, nervous, the digestion out of order—that is what ails a host of people. It comes about in this way: First, from overwork or other causes, the nerves are burdened beyond endurance, nerve waste is not replaced, nerve force is weakened, then the stomach loses its nerve controlling power and indigestion follows with failing strength. When first Dr. A. W. Chase's Nerve Pills came to Fort Wayne people could hardly be convinced that this great medicine would remove these troubles. Now it is an accepted fact, because of their cure of very stubborn cases no other medicine would influence. Mrs. J. Laemmle, of No. 52 Barr street, Fort Wayne, Ind. says: "From a faithful use of Dr. A. W. Chase's Nerve Pills in my house with a relative whose stomach was very weak and would hardly retain food when eaten, though hungry all the time, and the results obtained in the making strong of the stomach and indigestion again with an ability to retain food eaten I can recommend the medicine to others affected in a like manner as reliable, safe, certain and easy of action. Meyer Bros. & Co., of No. 14 Calhoun street, are to be commended for introducing them."

Dr. A. W. Chase's Nerve Pills are sold at 50c a box at dealers or Dr. A. W. Chase Medicine Co., Buffalo, N. Y. See that portrait and signature of A. W. Chase, M. D., are on every package.

THE NEWS OF THE POLICE

SEVEN CULPRITS FACE THE MAGISTRATE.

Plain and Fancy Christmas Jags Made Up the Bulk of the Business—In Police Circles.

It was a motley group that faced the judge's stand this morning at police court and there was so many of it that it sat in two tiers. Carefully counting noses one of the prisoners facetiously quoted "We are Seven." The municipal court is one of the odd features of the city administration and a fellow can never tell where it is at nor what it is going to do next. Yesterday morning there was no judge present and this morning the judge was represented by proxy, but the prosecuting attorney was not present by proxy or otherwise. Judge O'Rourke, last spring in ruling on the base ball cases, reversed the finding of the lower court principally on the grond that the state was not represented at the trials and that there could be no legal finding in any case in which the state was the plaintiff unless the state was represented. However this may be, court this morning went merrily on and as a result four individuals are now boarding with Sheriff Stout, two are out under suspended sentences and the seventh stayed the docket for $15. Either the police judge or Judge O'Rourke has made a mistake, but that don't get the fellows who went over anything, although the community is much better off with the fellows locked up than with them at large. Judge Louttit, having gone to Chicago to look after some matters connected with the distribution of his new book, J. R. Bittenger occupied the bench.

Frank Wing and Fred Snyder, two young lads, pleaded not guilty to charges of intoxication and were relegated to the rear while the evidence in the cases of the other five was heard. "Slim" Weisburger admitted that he was drunk on Tuesday night and said that he tore down a counter chandelier and threw some milk pitchers and sugar bowls and things against the inside door of Oscar Wobrock's restaurant, thinking that it was Hugh O'Reilley's saloon. He said that he had been in O'Reilley's place until after 1 o'clock and that somebody in there wanted to start a fight; he was finally "turned" through the door into the restaurant and thinking that the place was one concern, he commenced firing queensware and gas fixtures around. He expressed deep penitence, said he was trying to behave himself and had never been arrested before but once. The judge assessed a fine of $5 and costs, which was stayed on the docket by the young man's father.

John Foster, the colored gentleman, also a hold-over from Tuesday, admitted that he was drunk, but wanted the judge to let him off. "This ain't that kind of a court," said Judge Bittinger, "I never let anybody off that pleads guilty." John admitted that he had got out of jail only last Sunday morning and tried to impress the court with the statement: "I allus works when I'se out." "Well, John," said the court, "I guess you won't be out now for about fifteen days," and that settled John's case.

John Hammond, a one-armed hobo, admitted to being drunk, but indignantly denied that he had been begging. He said he sold pencils for a living. Officer Pappert said that he had been complained to by several parties, who said the fellow had been trying to "bum" money from every pedestrian in the vicinity of the court house. He watched him and after seeing him approach two or three persons, ran him in. Mr. Hammond will receive his mail at the county jail for fifteen days.

Jack Howard said he don't remember much about Christmas, 1901, but he thought he must have had a very pleasant time. The officer said he had fallen off a chair in the Fredericks restaurant, on Calhoun street, and was so helpless and limber when arrested that he had to be carried to the wagon. He was a stranger at police court and so he only drew one of the $11 packages.

A venerable looking individual, with a gray Texas Bill mustache, was arrested on Columbia street. When picked up he had his clothing partly removed and was evidently looking for a convenient place to go to bed on the sidewalk. He did not remember of that occurrence, but said he guessed he must have been pretty drunk. He was given eleven days.

Frank Wing and Fred Snyder were tried jointly. It was said that they had been engaged in a fight on Harrison street back of the Rich grocery, but this they denied and the charge was not pressed. Wing said he had drank only two glasses of beer and some whisky. When arrested parts of three flasks of whisky were found in his pockets. He admitted to having drank some of the missing contents of the bottles, but not all, as he had given some away. Christmas day and his own birthday anniversary fall together, and as he was just twenty yesterday he might have celebrated with more enthusiasm and eclat than he could remember, but at any rate he didn't think that he was drunk. Snyder, who is just seventeen, admitted to having drank about six beers at Schmidt's saloon, on Chicago street, but denied being drunk. On closer questioning he admitted that he was not exactly sober, either. Judge Bittinger rubbed his hands thoughtfully for a minute and then proceeded to read the boys a lecture. He finally assessed a fine of $1 and costs, but said he would suspend sentence during good behavior. As court adjourned and the prisoners were being taken downstairs to be loaded in the wagon, Hammond and Howard saw the partly filled whisky flasks taken from young Wing lying on the judge's desk. Both made a jump for them at the same time, but Coling was too quick for them and headed them off. "Aw, you old geezer," said Hammond, "your old pipes'll be hot some mornin' and I'd see y' in Helena 'fore I'd gin y' as much as a picter of an empty jug." Mr. Hammond was very much disgusted.

A water pipe was reported burst at No. 142 Montgomery street.

Patrolman White was called to the corner of Coombs and Cochran streets last night to quell a family disturbance. He played the part of a peacemaker and secured the promise of all the parties to dwell in unity during the balance of the year, anyway, and made no arrests.

Two vicious looking holes in the Calhoun street pavement in front of the Railroad Y. M. C. A. building were reported this morning. They were temporarily covered and the street department was notified.

CAPT. WHITNEY'S PRESENT.

An unique Christmas present was one received by Capt. Frank Whitney yesterday. It came from his old home "way down east" in Massachusetts, and was from an old army comrade who enlisted with Captain Whitney in '61. It consisted simply of a photograph of the captain and three companions who enlisted at the same time and had their "pictures took" in a group by the tin-type process. Two of the men were killed at the battle of Antietam, the third is still living in Massachusetts and the fourth is the genial captain. The picture received is an enlarged copy of the original and is regarded by Captain Whitney as the most cherished gift that Santa Claus brought him this year.

It is certainly to the credit of the police department to note that during the busiest ante-holiday season probably ever known in this city, not a single case of shop-lifting or pocket-picking has been reported. That there was more or less shop-lifting can scarcely be doubted, because the opportunities were too numerous to be always neglected, but there were no cases serious enough to report anyway. That there was no "dipping" or pocket picking can be accounted for by the fact that the city is pretty well cleared of the class of thieves who prosper by the practice of pocket picking. The professionals are all pretty well known to the police and the locals and amateurs do not care to work at home. Credit is especially due to Officers Dickson, Fageler and Pappent, who covered the down town district. During the season Officer Dickson never got south of Wayne street, devoting his entire attention to the big stores and the banks. Fageler, whose beat extends as far west as Broadway and includes Bloomingdale, made his outside trips very short and put in every spare minute down town, while Pappert divided his time between Columbia street and Calhoun street. While the officers, perhaps, did not stop anything, their presence unquestionably had a salutory effect; one of them was always in sight from almost anywhere and they darted in and out of stores and passed through the several crowds so often that to the unitiated it probably looked as though there were not less than forty officers to a block at the least calculation. Whatever the reason, the record is a good one anyway.

IT MAY BE POISON

(Continued from First Page.)

in police circles, inherited her sobriquet from her habit of purchasing beer in vessels of this character, and carrying it to her stopping place to be drank. She was once married, but separated from her husband a number of years ago, and it is claimed has frequently threatened to kill herself.

Henry Anderson, who was dying when found, is an old soldier, who came to the Shaffer place a few days ago and was stopping there. The officers know little about him, but he at one time owned a large farm west of Lindenwood cemetery, and became heavily involved in debt. While Sheriff Viberg was in office a constable seized Anderson's household goods upon an attachment, and when the goods were removed from the house Anderson set fire to them and burned them up sooner than permit his creditors to realize upon them.

SHAFFER DIED FIRST.

The examination of the dead bodies by Dr. Barnett and Dr. Van Buskirk established the fact that Shaffer was the first to die, and in the opinion of the physicians the old man had been dead about twelve hours when the discovery was made Wednesday afternoon. Decomposition about the abdominal region had already begun, but was not noticeable elsewhere. The James woman, it is said, died some hours later than Shaffer, and the physicians believe her death had occurred not more than four to five hours previous to the time Keller found the bodies. There had been a hemorrhage from the woman's nose, but neither of the others were affected in this way.

Under the direction of Coroner Barnett, Dr. A. E. Van Buskirk this morning conducted the post mortem examinations, first upon the body of the woman at the Peltier morgue. Evidence of asphyxiation was plainly discernible in the lungs of the woman, but in the stomach and bowels was a general congested condition indicative of a corrosive poison, though the physicians were not prepared to say that the condition had been actually produced by the administration of a poison. It is possible that it might be due to other causes, and it is to settle this question that Dr. Macbeth has been directed to make a chemical analysis of some of the internal organs of the dead woman. This became all the more advisable when the physicians went to the Wellman undertaking establishment to hold the post mortem upon the remains of Shaffer, for here a very similar congested condition was found.

That death was due to asphyxiation seems reasonably certain, but it is also possible that a cause may be discovered why the three were so stupefied as to remain in the house when the fumes became oppressive, though the fume in itself is said to be in a way intoxicating. Cases are often found where simple asphyxiation occurs without the sufferer awakening, but it is regarded as unusual that some one of the three was not aroused unless they were under the influence of some other agent at the time. One theory is that the trio had been indulging heavily in liquor the night before, but Superintendent Gorsline says he can find no evidence to substantiate this supposition, and that the surroundings in the rooms did not indicate a carousal the night before.

WHEN HE WAS LAST SEEN.

As previously stated, the neighbors had little to do with the inmates of the Shaffer home, and paid no attention to them. No one seems to have noticed any movement about the house Tuesday evening, though some children are reported to have seen Shaffer about 9 o'clock Tuesday evening and that he was then under the influence of liquor. Others in the vicinity could give no information as to the old man's movements for several days, but it is learned that during the latter part of last week he complained of being ill, and consulted a physician. Anderson, it is believed, came to the Shaffer house on Saturday. Mr. and Mrs. Henry Sanders, who reside across the street from the Shaffer home, both recall seeing him pass by upon the street Tuesday—Mr. Sanders noticing him in the forenoon and his wife about the middle of the afternoon.

A reporter for The Sentinel this morning spent some time investigating a rumor of Shaffer's death which was said to have been in circulation as early as Saturday evening. It was retold Tuesday morning, and it appears that several people had been watching the newspapers for an account of the death, and thought it strange because they did not see it. When the bodies were found Wednesday afternoon, those who had heard early in the week that the old man had been found dead in bed were considerably amazed in view of the previous reports they had heard. Investigation today proved that the rumor had been first circulated by a 9-year-old lad living on Nelson street, who claimed that in delivering a newspaper at a home on Pritchard street Saturday evening the lady of the house had told him of Shaffer's death. When confronted by the lady the latter asserted that she had not only never told the lad of it, but that she had not heard of the death until Wednesday evening, had never seen the boy who stood before her, and was not a subscriber to the newspaper which he claimed to have delivered to her.

The remains of both Shaffer and Mrs. James are at the undertaking rooms awaiting instructions for the funeral services.

WEDDED CHRISTMAS DAY.

A very pretty wedding was solemnized yesterday at the residence of Mr. and Mrs. Fred Kanne, 164 Walton avenue, when their charming daughter, Miss Carrie, was united in marriage to George McManigal, clerk for the Pennsylvania company. Promptly at 4 o'clock the bridal procession appeared moving to the strains of Lohengrin's wedding march, played by Miss Bessie Taylor. Rev. Samuel Wagenhals, of Trinity Lutheran church, officiated, and after the congratulations the bridal party and about one hundred and twenty-five guests were seated at a 6 o'clock dinner served in three courses. The decorations were the usual greens and reds of Christmas tide. The bride, one of Fort Wayne's beautiful young ladies, looked especially charming in a dress of dove colored silk, trimmed in applique and pale blue liberty silk, finished in pearl trimmings, and carried bride's roses. She was attended by her sister, Mrs. L. G. Harris, as matron of honor, and three bridesmaids, Miss Lois Lillian Meeks, of Monroeville, and the Misses Minnie Roenbke and Sophia Tegtmeyer, of this city. The attendants of the bride were dressed in pure white and carried pink roses.

The groom was attended by L. G. Harris. The out-of-town guests were Mr. and Mrs. Hugh Bond, of Chicago; Miss Daisy Reichelderfer, Henry Whitmore, Mrs. Charles Starr and Mrs. Laf Reichelderfer and son, Ray, of Maysville; Mrs. Finley and daughter, Grace, of Kewana, Ind.; Miss Miriam Meeks, of Columbia City, Ind., and the Misses Lois, Josephine and Helen Meeks, of Monroeville. The bridal couple were serenaded by the Olive quartet and a mandolin club. The bride's wedding gifts were numerous and beautiful. Mr. and Mrs. McManigal left today for a visit at Grand Rapids, and after December 29 will be at home at 164 Walton avenue.

CAR SHORTAGE CLOSES MILLS.

Pittsburg, Pa., Dec. 25.—The car shortage in the Pittsburg district is worse than ever before, and as a result many mills are shut down or only in partial operation. All of the mills along the Allegheny Valley road, including the Carnegie City mills, have suspended, and it is probable that the big Carnegie company plants at Homestead and Duquesne will be unable to resume for a week or more after the Christmas holiday shut-down. President Schwab, on his recent visit here, said $3,000,000 worth of finished product was piled up in the yards of these two concerns, with no present prospect of removal.

Practically all of the furnaces in Mahoning and Shenango valleys are shut down because of inability to get raw material.

JUMPED FOR THEIR LIVES.

Hartford City., Ind., Dec. 26.—Mr. and Mrs. George Bashara and their child, all Syrians, came near losing their lives in the Cooley block fire yesterday morning. They were asleep in the building, and when they awoke the flames surrounded them. Bashara made a desperate effort to save $100 in money, which was in another room, but he gave it up and then jumped from the second story window. He had his wife, who was almost suffocated, throw the baby to him. He caught it, but it may die. Mrs. Bashara then had to jump to save her life. She was scantily clad and stood in the snow in her bare feet.

BEWARE OF OINTMENTS FOR CATARRH THAT CONTAIN MERCURY

as mercury will surely destroy the sense of smell and completely derange the whole system when entering it through the mucous surfaces. Such articles should never be used except on prescriptions from reputable physicians, as the damage they will do is ten fold to the good you can possibly derive from them. Hall's Catarrh Cure, manufactured by F. J. Cheney & Co., Toledo, O., contains no mercury, and is taken internally, acting directly upon the blood and mucous surfaces of the system. Mr. and Mrs. Miller will be at home for the present with the bride's parents.

LOSE TO RICHMOND.

The Fort Wayne polo team returned home this morning from Richmond where they were defeated by a score of 5 to 1. The game was played in a rink about half the size of Princess rink, and on a chalked floor, while the Fort Wayne boys are accustomed to a polished floor. The Richmond men had rubber toes on their skates and played the game on the front wheels, the rubber enabling them to keep their feet. The Richmond team will play here soon and Captain Dix says the story will be different.

CANNOT BE PUBLISHED..

Many inquiries reach The Sentinel from persons who want to know why the number of the ticket which drew the prize pony and cart at Wolff Bros.' store is not published. The postal regulations forbid the publication of such matters and to print the figures asked for in this present case would cause The Sentinel to be excluded from the mails.

SMALL CANNON EXPLODED.

Galion, Ohio, Dec. 26.—The premature explosion of a small cannon, during a charivari at the resilence of William Gottner, five miles southeast of this city, resulted in the serious injury of five young men. John Gottner, one of the five, may lose his eyesight.

A GLANCE IN THE GLASS IS A pleasure when one's face reflects a clear complexion, lovely satin skin. These are easy to gain when you know how. Let us introduce you to beauty's famous twin emissaries, Satin-Skin Cream and Satin-Skin Powder. Their labels give useful advice for curing tan-freckles, windburn, blotches, bad skin. Their ingredients possess a secret seductiveness which makes an old skin look new, a faded face fresh, fair ones bewitching. Mrs. Belle Flanery, Frankfort, Ky., writes: "Of all the toilet preparations I ever used, find Satin-Skin Cream and Powder the best." So will you. As beauty is but skin deep, beauty in the skin keep, using Satin-Skin Cream with Satin-Skin Powder. Costs only 25c. Free samples from Albert F. CAR SHORTAGE CLOSES MILLS.

Pittsburg, Pa., Dec. 25.—The car shortage in the Pittsburg district is worse than ever before, and as a result many mills are shut down or only in partial operation. All of the mills along the Allegheny Valley road, including the Carnegie City mills, have suspended, and it is probable that the big Carnegie company plants at Homestead and Duquesne will be unable to resume for a week or more after the Christmas holiday shut-down. President Schwab, on his recent visit here, said $3,000,000 worth of finished product was piled up in the yards of these two concerns, with no present prospect of removal.

Practically all of the furnaces in Mahoning and Shenango valleys are shut down because of inability to get raw material.

JUMPED FOR THEIR LIVES.

Hartford City, Ind., Dec. 26.—Mr. and Mrs. George Bashara and their child, all Syrians, came near losing their lives in the Cooley block fire yesterday morning. They were asleep in the building, and when they awoke the flames surrounded them. Bashara made a desperate effort to save $100 in money, which was in another room, but he gave it up and then jumped from the second story window. He had his wife, who was almost suffocated, throw the baby to him. He caught it, but it may die. Mrs. Bashara then had to jump to save her life. She was scantily clad and stood in the snow in her bare feet.

BEWARE OF OINTMENTS FOR CATARRH THAT CONTAIN MERCURY

as mercury will surely destroy the sense of smell and completely derange the whole system when entering it through the mucous surfaces. Such articles should never be used except on prescriptions from reputable physicians, as the damage they will do is ten fold to the good you can possibly derive from them. Hall's Catarrh Cure, manufactured by F. J. Cheney & Co., Toledo, O., contains no mercury, and is taken internally, acting directly upon the blood and mucous surfaces of the system. Mr. and Mrs. Miller will be at home for the present with the bride's parents.

LOSE TO RICHMOND.

The Fort Wayne polo team returned home this morning from Richmond where they were defeated by a score of 5 to 1. The game was played in a rink about half the size of Princess rink, and on a chalked floor, while the Fort Wayne boys are accustomed to a polished floor. The Richmond men had rubber toes on their skates and played the game on the front wheels, the rubber enabling them to keep their feet. The Richmond team will play here soon and Captain Dix says the story will be different.

CANNOT BE PUBLISHED.

Many inquiries reach The Sentinel from persons who want to know why the number of the ticket which drew the prize pony and cart at Wolff Bros.' store is not published. The postal regulations forbid the publication of such matters and to print the figures asked for in this present case would cause The Sentinel to be excluded from the mails.

SMALL CANNON EXPLODED.

A GLANCE IN THE GLASS IS A pleasure when one's face reflects a clear complexion, lovely satin skin. These are easy to gain when you know how. Let us introduce you to beauty's famous twin emissaries, Satin-Skin Cream and Satin-Skin Powder. Their labels give useful advice for curing tan-freckles, windburn, blotches, bad skin. Their ingredients possess a secret seductiveness which makes an old skin look new, a faded face fresh, fair ones bewitching. Mrs. Belle Flanery, Frankfort, Ky., writes: "Of all the toilet preparations I ever used, find Satin-Skin Cream and Powder the best." So will you. As beauty is but skin deep, beauty in the skin keep, using Satin-Skin Cream with Satin-Skin Powder. Costs only 25c. Free samples from Albert F. If China really desires an American statesman there are a number in Ohio and elsewhere who could be persuaded to accept that $15,000 position.

Maclay has been kicked out of his job in the navy department and he may some time come to feel that the boot which separated him from his berth at the same time conferred immense distinction upon him.

German steamships continue to hold the record for speed in crossing the Atlantic, and the fastest of the vessels are almost identical in the time made. The exactness with which the German ship-builders work out these unequaled results is a great triumph.

Edison is one prominent electrician who is not jealous of Marconi. He has congratulated the young Italian on his success in his wireless telegraphy experiments. It is evident that he has faith in the accomplishment of the work which Marconi thinks he sees in sight. The progress thus far made in wireless telegraphy will give the year 1901 a prominent place in the annals of the world's scientific progress.

Maclay himself is too small to be pursued, but it is not unlikely his published slanders of Admiral Schley will bring him before a court. It would be one way to get a thorough hearing for the Schley case in a court where witnesses would have to answer proper questions in a proper way. Crowninshield and his fellow bureaucrats could be brought in along with a lot of fellows who have already furnished much testimony. It would be interesting and it would make some good new history and correct some bad history that is getting old.

The taking of an accurate census of the mosquitoes domiciled in and around the city of Havana is necessarily an impossible task, but it is at least possible to estimate to what extent the mosquito population has been depleted by the energetic campaign of Major Gorgas, the chief sanitary officer of Havana, and his hard-working staff. In Major Gorgas' report for the month of November it is estimated that the mosquitoes in the city were only about one-tenth as numerous this November as they were last November. Such a wholesale wiping out of the pests is marvelous, and it has had marvelous re-

From September 28 until the of issuing the November report, single case of yellow fever in Havana, although a year ago in the month of November alone there were 214 cases and fifty-four deaths from the disease. October and November are the months when ordinarily yellow fever is rife in the Cuban capital, and the revolutionary change in conditions is significant.

Postmaster General Smith thinks that the office he now holds but which he is soon to relinquish should be made permanent. He is reported as saying on this point: "The postmaster generalship ought to be a permanent office. It is impossible for a man taken, as the postmaster general always is, from private life or official place, with no knowledge or experience of the business, to acquire a sufficient knowledge of the work in the time he has before him. To be postmaster general is a profession in itself. It takes a lifetime to acquire full knowledge of it." Only one postmaster general since the administration of Franklin Pierce has held the office for a full term of four years. Both before and since that period changes had been many and frequent. The duties of the position are exceedingly onerous, and they are constantly becoming more so with the growth of the country and the extension and complication of its postal service. The postoffice department is the one in most immediate touch with the people, and its head must have special knowledge of its needs and ready adaptation to its multiform and perplexing duties.

INDIANA TEACHERS TO MEET.

Indianapolis, Ind., Dec. 26.—The Indiana State Teachers' association begins a three days' meeting here today. The opening session will be held at the state house this evening, when the retiring president, R. L. Hamilton, of Huntington, and the incoming president, H. B. Brown, of Valparaiso, will deliver addresses. A musical program will be rendered and working committees appointed. The most important subject to come before the meeting will be "What Shall be Indiana's Next Steps in Education?" which will be treated in the form of a symposium. Among the speakers are Howard Sandison, Amos W. Butler, F. L. Jones, C. A. Van Matre, R. I. Hamilton, D. M. Geeting and Mrs. O. P. Kinsey, of Valparaiso. The various educational organizations will hold their meetings at the state house Thursday morning and afternoon. The Indiana Academy of Science will begin its annual meeting in the agricultural rooms Thursday afternoon.

CALL FOR DEMOCRATIC MASS CONVENTION.

To the Democrats of Allen County:

A mass meeting of democrats will be held at the assembly room in the Allen county court house on Saturday, Dec. 28, 1901, at 2 o'clock p. m. for the purpose of electing delegates to the district convention to be held at the same place Jan. 2, 1902, at 2 p. m.

The delegates will be apportioned on a basis of one delegate for every 200 votes cast for John W. Kern for governor and will be as follows:

IN OLD BETHLEHEM

CHRISTMAS CELEBRATED IN SAVIOR'S BIRTHPLACE.

SCENES WERE IMPRESSIVE

CEREMONIES IN CHURCH OF THE NATIVITY.

THE WORSHIPPERS STAYED

FOR HOURS TO WITNESS THE HOLY SERVICE.

New York, Dec. 26.—The World prints a cablegram from Bethlehem showing the manner in which Christmas eve and Christmas day were this year celebrated in the Holy Land. According to the dispatch from Bethlehem the sky was clear, the air chill on the day before Christmas. At an early hour crowds commenced to stream in from Jerusalem and all the neighboring towns. Many traveled from Europe, some even from America. The European costumes mingled with the bright oriental dresses made the scene varied and vivid with colors, while in the throng were seen many fair-faced Bethlehem women. At the Church of the Nativity at Bethlehem the Latins, the Greeks and the Armenians each have a place of worship, but the ceremonies which attracted the thousands were those at the Catholic church. Throughout the morning crowds flocked to the magnificent Church of the Nativity, inclosing the cave believed by many scholars to be the actual birthplace of Christ. It was brilliantly illuminated. During the afternoon a multitude of people crowded the great square fronting the Church of the Nativity, covering the house tops on every side. The procession then appeared, the patriarch escorted by Turkish soldiers, preceded by the Kawasses, or official guard of the patriarch and convent, advancing to the church. Following the sacerdotal procession came that of the French consul and his staff in uniform, with an escort of mounted guards, he taking precedence as representing France, the recognized guardian of Catholic interests in the Holy Land. Following his entry into the church came the beautiful service of vespers and the benediction. Throughout the evening the church was never without its crowd of worshippers. At 11 o'clock matins were sung and a few minutes before midnight all was hushed. Then on the stroke of the hour the "Gloria" arose—all kneeling in profound adoration to usher in Christmas morning.

Immediately afterward the patriarch ascended the high altar and commenced to celebrate high mass. Thenceforward throughout Christmas day every altar in the sacred edifice was occupied by priests saying masses. Many devotees who took their places at 10 o'clock Christmas evening kept their vigil until 11 o'clock on Christmas day, anxious not to miss one moment of the ceremonies on the site of the birthplace of Christ.

SHOT DEAD IN A SALOON.

Cambridge City, Ind., Dec. 26.—Yesterday afternoon James Shuck, of New Lisbon, accompanied by his brother, entered Charles Morgan's saloon, in this city, and there was a quarrel between himself and John Ryan, who was standing before the bar, and the two men exchanged blows, followed by Shuck using his revolver. One bullet struck Ryan in the eye, and another pierced his heart, and he fell dead on the floor, while Shuck and his brother attempted to escape. They were pursued and captured, and were transferred to the jail at Richmond. Shuck was formerly a bartender in the Morgan saloon, and there had been previous trouble between himself and Ryan. The murdered man was a laborer and a man of family.

FEAR MOB VIOLENCE.

Noblesville, Ind., Dec. 26.—William Fodrea, who was placed under arrest Sunday as a suspect in the murder of John Shay, Saturday night, was arranged Tuesday night, and the direct charge of assassinating Shay was preferred. He waived preliminary examination and was bound over to the circuit court. Mob violence was feared, and, to prevent trouble, the proceedings were held at the jail, and he was not taken from behind the bars. There is nothing more as yet than a strong chain of circumstantial evidence against Fodrea.

PLAN A GREAT TROLLEY LINE.

Indianapolis, Ind., Dec. 26.—A report has been received here from New York that Hugh J. McGowan, president of the Indianapolis street company, is prominent among men behind plans that are now being made for a trolley system to connect New York and St. Louis. The scheme, it is reported, is even broader in scope than that of the great Everett-Moore syndicate, whose system is being extended to connect all of the principal cities on the great lakes. The Murdocks, of Lafayette, and Frank DeHass Robison, of Cleveland, it is said, are associated with Mr. McGowan and it is reported that the plan was well developed during the recent visit of Mr. McGowan to New York. When the report was brought to his attention Mr. McGowan said that there was absolutely no truth in it.

SON KILLS BRUTAL FATHER.

Brazil, Ind., Dec. 26.—Richard Watkins was shot and instantly killed last evening by his eighteen-year-old son, Theodore Watkins. The son says he fired the fatal shots to save his mother's life. Watkins objected to his wife's attending a Christmas entertainment at the church. During the quarrel Watkins became angry, and seizing a hatchet, started after his wife, who ran to the bedroom, where her son was cleaning a revolver. The husband followed and was in the act of striking his wife when the son fired two shots at him in quick succession with a revolver, one of which passed pierced his left shoulder, death resulting instantly. Young Watkins at once surrendered and was placed in jail.

ELECTROCUTED IN A BANK.

Akron, O., Dec. 26.—David P. Wheeler, a prominent banker and capitalist of this city, was at the Citizens' National bank, of which he was cashier, with Jacob Koch, a director, examining some correspondence yesterday afternoon. Koch left after they had ended their business and Wheeler went to the vault to lock it up. In one hand he held an electric bulb on a long wire, and with the other grasped the handle of the steel door. The coating of the wire had been rubbed off, and, owing to a crossed wire, the light wire was heavily charged. A circuit being formed with the steel vault, the shock was sufficient to produce instant death.

Wheeler not returning to dinner, his son, Willard, set out to find him. Entering the bank he found his father standing upright, leaning against the vault. His right hand grasped the knob of the door, but three fingers of his right hand had been burned off. Wheeler was 53 years old, and leaves a wife, one son, and one daughter.

PLANS SUICIDE; DROPS DEAD.

Lincoln, Neb., Dec. 26.—A. C. Votsburgh, a jockey, was discovered in his room unconscious Tuesday night, and died shortly afterward, without regaining consciousness. Doctors pronounced his death due to apoplexy. A few hours after death letters which he had written during the day were delivered from the post office, in which he stated he intended to commit suicide. A further search disclosed that Votsburgh had purchased poison, but had failed to take any of the drug. It is supposed the excitement under which he was laboring making preparations for death brought on a stroke of apoplexy, from which he died. In his letter Votsburgh said:

"I went the pace and must now lie down at the last. But I will quit as I have lived, game. No one but a craven fears to die. With William Cullen Bryant I say: 'Go not like a quarry slave at night, scourged to his dungeon, but approach thy grave like one who wraps the drapery of his couch around him and lies down to peaceful dreams.'"

He also quoted several passages from Ingersoll in the letter.

An Honest Doctor

AND

Eminent Specialist.

D. W. Tucker, A. M. M. D.

INDIANA MEDICAL AND SURGICAL INSTITUTE.

The Oldest, the Largest, and the Best

—Thirty Years' Experience.

Many Imitators, But no Equal.

Permit us to call the attention of our readers to the important fact that there are three essential steps in the successful treatment of disease. First, a correct diagnosis; second, the selection of the proper remedies in their best possible form, and third, a thorough knowledge of knowing how to prepare these remedies and their physiological effects upon the human body, in order to effect a cure. In the three above named facts Dr. D. W. Tucker has no equal in the state of Indiana. He has treated many thousands of cases within the last Thirty Years.

If one fourth of the people that are now in the cemetery had consulted and been treated by some good Specialist in place of their family doctor, they would have lived twenty years longer. Only a Specialist, who thoroughly understands Chronic Diseases, can treat them successfully. Dr. Tucker is without doubt the ablest specialist in this state and has treated and cured more cases of Chronic and Private Diseases than all the other Specialists in this state combined.

A doctor that has restored thousands to health, and can produce undeniable proof of the fact, must be regarded with respect. This is the record of Dr. Tucker, which cannot be equaled by any other specialist in the United States. His success is the result of THIRTY YEARS of careful study, extensive research, observation and remarkable experience in the treatment and cure of thousands of chronic and private diseases of the Brain, Heart, Lungs, Liver, Kidneys, Bladder, Rectum, Gleet, Impotency, Nervous Diseases, Catarrh, Piles, Varicocele, Strictures, and all private diseases of both sexes. If Dr. Tucker cannot cure you no other specialist in the United States can. He has deposited in bank ONE THOUSAND DOLLARS that he has treated more cases of chronic diseases and performed more remarkable cures than any THREE SPECIALISTS in the State of Indiana. He will not deceive you, and guarantees to cure every case he takes for treatment. He is vouched for by the best banks and citizens of the state.

The only Master Specialist in the State of Indiana can be found only at the Indiana Medical and Surgical Institute, at No. 10 West Wayne street. Call or address,

If China really desires an American statesman there are a number in Ohio and elsewhere who could be persuaded to accept that $15,000 position.

Maclay has been kicked out of his job in the navy department and he may some time come to feel that the boot which separated him from his berth at the same time conferred immense distinction upon him.

German steamships continue to hold the record for speed in crossing the Atlantic, and the fastest of the vessels are almost identical in the time made. The exactness with which the German ship-builders work out these unequaled results is a great triumph.

Edison is one prominent electrician who is not jealous of Marconi. He has congratulated the young Italian on his success in his wireless telegraphy experiments. It is evident that he has faith in the accomplishment of the work which Marconi thinks he sees in sight. The progress thus far made in wireless telegraphy will give the year 1901 a prominent place in the annals of the world's scientific progress.

Maclay himself is too small to be pursued, but it is not unlikely his published slanders of Admiral Schley will bring him before a court. It would be one way to get a thorough hearing for the Schley case in a court where witnesses would have to answer proper questions in a proper way. Crowninshield and his fellow bureaucrats could be brought in along with a lot of fellows who have already furnished much testimony. It would be interesting and it would make some good new history and correct some bad history that is getting old.

The taking of an accurate census of the mosquitoes domiciled in and around the city of Havana is necessarily an impossible task, but it is at least possible to estimate to what extent the mosquito population has been depleted by the energetic campaign of Major Gorgas, the chief sanitary officer of Havana, and his hard-working staff. In Major Gorgas' report for the month of November it is estimated that the mosquitoes in the city were only about one-tenth as numerous this November as they were last November. Such a wholesale wiping out of the pests is marvelous, and it has had marvelous results. From September 28 until the date of issuing the November report, December 5, there had not been a single case of yellow fever in Havana, although a year ago in the month of November alone there were 214 cases and fifty-four deaths from the disease. October and November are the months when ordinarily yellow fever is rife in the Cuban capital, and the revolutionary change in conditions is significant.

Postmaster General Smith thinks that the office he now holds but which he is soon to relinquish should be made permanent. He is reported as saying on this point: "The postmaster generalship ought to be a permanent office. It is impossible for a man taken, as the postmaster general always is, from private life or official place, with no knowledge or experience of the business, to acquire a sufficient knowledge of the work in the time he has before him. To be postmaster general is a profession in itself. It takes a lifetime to acquire full knowledge of it." Only one postmaster general since the administration of Franklin Pierce has held the office for a full term of four years. Both before and since that period changes had been many and frequent. The duties of the position are exceedingly onerous, and they are constantly becoming more so with the growth of the country and the extension and complication of its postal service. The postoffice department is the one in most immediate touch with the people, and its head must have special knowledge of its needs and ready adaptation to its multiform and perplexing duties.

INDIANA TEACHERS TO MEET.

Indianapolis, Ind., Dec. 26.—The Indiana State Teachers' association begins a three days' meeting here today. The opening session will be held at the state house this evening, when the retiring president, R. L. Hamilton, of Huntington, and the incoming president, H. B. Brown, of Valparaiso, will deliver addresses. A musical program will be rendered and working committees appointed. The most important subject to come before the meeting will be "What Shall be Indiana's Next Steps in Education?" which will be treated in the form of a symposium. Among the speakers are Howard Sandison, Amos W. Butler, F. L. Jones, C. A. Van Matre, R. I. Hamilton, D. M. Geeting and Mrs. O. P. Kinsey, of Valparaiso. The various educational organizations will hold their meetings at the state house Thursday morning and afternoon. The Indiana Academy of Science will begin its annual meeting in the agricultural rooms Thursday afternoon.

HE WILL ACCEPT

A PLACE ON THE INDUSTRIAL PEACE COMMITTEE.

CLEVELAND WRITES LETTER

FEELS IT HIS DUTY TO SERVE DESPITE ILL HEALTH.

A HOPEFUL VIEW OF PLANS

CHAIRMAN STRAUSS SAYS ALL WILL ACCEPT.

New York, Dec. 26.—Former President Grover Cleveland has accepted appointment to the industrial department of the National Civic Federation created at the recent peace conference of labor and capitalistic leaders. His letter of acceptance, in which he approved the plan of industrial peace, was today delivered to Oscar Straus, who was chairman of the conference. It read as follows:

"Princeton, Dec. 24, 1901.—My Dear Mr. Straus: Your letter of the 18th inst. is at hand. Illness has confined me to my room for almost five weeks and I am now hardly able to sit up and write this.

"My desire for the quiet and comfort of absolute retirement from public or semi-public service is very strong and grows stronger as the days pass. I should without hesitation yield to this and decline your request that I accept a place among those who are to seek the promotion of industrial peace by friendly intervention in troubles between employers and the employed if I were not afraid that I should thereby disregard an important duty. My reflections have made it clear to me that I should accept the place assigned to me, and I do so with an earnest wish that those selected to actively represent the purposes and motives of your conference may not labor in vain.

"Yours very truly,
"Grover Cleveland.

"Hon. Oscar S. Straus, New York."

Mr. Straus said, in giving the letter to the public, that every man named on the general committee had signified acceptance of the trust and work.

PAWNEES ON WARPATH.

Guthrie, O. T., Dec. 26.—The Pawnee Indans are on the warpath. An immense buffalo bull was so injured in transferring from the Santa Fe stockyards to Pawnee Bill's ranch, south of Guthrie, that he had to be killed. The meat was given by Major Lillie to the Indians for a buffalo dance. The Indians have been dancing and powwowing ever since. They claim the vast herds of buffalo are coming back to this country, and many of the Indians have notified the white lessees to vacate their ranches at once, as they wish to lay the fences low, so that the buffalo will have full sway of the country. The white people in the remote parts of the reservation are coming into Pawnee and report the Indans are acting in a threatening manner towards them.

Pawnee Bill has placed mounted guards around his buffalo ranch, as the Indians are camping in the timber west of there and in sight of the herd, and from their suspicious actons he thinks they intend to liberate the herd and perhaps kill them. The United States Indian agent at that point has been notified and has made a report to the commissioner of Indian affairs at Washington.

ANOTHER GAS EXPLOSION.

Marion, Ind., Dec. 26.—Another gas explosion occurred about 3:30 o'clock yesterday afternoon, at the hardware store of the Barley & Spencer Lumber company, at Fifteenth and McClure streets, and as a result Gar White, aged fourteen years, was painfully and probably seriously injured. In the first explosion the second and third floors of the building were demolished. The floor over the basement was intact, however, and in the afternoon the yard man at the company's factory went into the basement to see if he could locate the leak. While hunting for it he struck a match, and instantly the accumulated gas in the basement exploded. Young White had followed the watchman into the basement, and was standing on the stairway when the explosion occurred and the flames completely enveloped his body. His clothing was set afire, but prompt work by the watchman, who had not suffered much injury to speak of, extinguished the blaze. He may die.

ABUSE OF SENTIMENT.

Cleveland, Ohio, Dec. 26.—The McKinley National Memorial association, with headquarters in this city, has had its attention called to so many enterprises of a commercial nature tending to make capital out of the sentiments of public affection for William McKinley, that the following statement has been issued by Judge William R. Day, ex-secretary of state and president of the association: "The public is especially cautioned against any enterprises attempting to make capital out of the sentiments of affection which inspired the desire to rear at the grave of our late president a memorial which shall fittingly honor his memory. It is the desire of the trustees that all contributions shall be the free-will offering of the people and they respectfully request the public to discourage all propositions which may seem to have as their object the obtaining of money by giving all or part of the proceeds to the memorial fund. The public is hereby notified that the McKinley National Memorial association has no connection with or relations to any other association or to any enterprise of a commercial nature."

GOMEZ IS BADLY TREATED.

Havana, Dec. 26.—According to telegrams printed in Estrada Palma's official organs General Gomez is faring badly on his political tour in favor of Palma. In Puerto Principe province his meetings have been broken up, he has been received with shouts of "Traitor," and stones have been thrown at him. General Gomez is mounted on the same horse he used during the war and is accompanied by a band and a number of veterans. The Maso feeling is running strong in Pureto Principe.

The Nacion says Gomez is paid by the government to stump the country. He is met with the accusation on every hand. Maso's followers have withdrawn every one of their candidates and the feeling at some points is bitter.

WHITE HOUSE TO BE CLOSED.

Washington, Dec. 26.—The white house will remain closed until New Year's day. Only visitors having urgent and important business will be seen by the president during the coming week. Mrs. Roosevelt and the children, with Dr. Rixey, will sail down the Potomac this afternoon on the government yacht Dolphin. They will be gone several days. A portion of the time will be spent at a club house on an island near Quantico, Va., about twenty miles from Washington, and Dr. Rixey and young Theodore, jr., expect to have some duck shooting from the club's blinds. The president will remain here while the family is away. He will entertain some of his friends at luncheon and dinner each day.

GENERAL ALGER DOING WELL.

Detroit, Mich., Dec. 26.—At General Alger's residence this morning it was reported that he had passed a ver good night. The bulletin issued by the physicians today says:

"General Alger slept a great deal during the day yesterday and off and on during the night. He has taken light liquid nourishment every two hours since 10 o'clock last night, with no disturbance of the stomach. This morning his temperature is normal and his pulse 66."

A TRUE AND CERTAIN CURE FOR

Tuberculosis

(CONSUMPTION)

The ENK MEDICINE CO. announces the discovery of a true and certain cure for that arch foe to human health, Tuberculosis. The announcement is made with a full appreciation of how it is likely to be received by the public. Our directory has been divided upon the question whether such an announcement might not discredit the entire list of Enk Preparations in the minds of the general public. But the astounding record made by this marvelous remedy has finally overbalanced every other consideration. The remedy has

Never Failed to Cure

after fair trial in many cases. We have cured cases where the patients have been confined to their beds for from four to five months and were apparently in the last stages of the disease. All made complete recoveries and are in good health today. We have had no deaths.

THE COMPLETE CURE CONSISTS OF THREE VIALS, viz:

VIAL "D"—For Hectic Fever, to be used only until pulse and temperature are normal.

VIAL "E"—For debility, night sweats, and the removal of already present tubercalous masses from the system.

VIAL "F"—For preventing the metamorphosis of tissue constituting tubercles.

With the first few doses of Vial "F" the formation of tubercles positively ceases and all progress of the disease is stopped. This we have ascertained by repeated experiment. The process is simple: we supply a certain element which is lacking in all systems where tubercles form and supply it in a form that the system cannot reject or cast out. All food contains this element, but the consumptive does not assimilate it. We reopen the way and restore lost function.

This remedy cures "white swelling" just as readily, or any form of Tuberculosis. The effect is immediate.

THE PRICE OF EACH VIAL IS $1.00

The relative amounts used in a number of cases varies considerably. For instance, we had one case of a bed-ridden consumptive who only used the fever remedy three days. He made a beautiful recovery, sitting up a little in three days, had his clothing on in a week and drove seven miles to town in three weeks. He is doing farm work today.

MRS. SUSAN ROBERTSON DEAD

SHE WAS A PIONEER RESIDENT OF ALLEN COUNTY.

Car Inspector George Schwartz Succumbs to Injuries—Other Deaths and Funerals.

Mrs. Susan Robertson, a pioneer resident of Allen county, died Christmas morning at the home of her daughter, Mrs. W. B. McMaken, four miles southwest of the city, at the age of seventy-nine years. Mrs. Robertson had long been a sufferer from bronchial troubles.

She was a native of Virginia, and removed with her parents, Mr. and Mrs. James Banks, to DeKalb county, Ohio, when seven years of age. Here she grew to womanhood, and was married in 1843 to John Robertson, also a native of Virginia. In 1850 she removed with her husband and three children to Allen county, Indiana, where she resided until her death.

Mrs. Robertson was the mother of twelve children, eight of whom, with her husband, preceded her. The surviving children are Mrs. Martha Humphrey, of Dunsmiur, Cal.; Mrs. Lydia Bennett, of Chapman, Kan.; Mrs. Ruth Cunnison, of Berkley, Cal., and Mrs. Deborah McMaken, of Wayne township. There are thirteen grandchildren and four great grandchildren. The deceased was a member of Wayne street M. E. church, and was held in universal esteem as a true, kind-hearted Christian woman.

Funeral services will be held Saturday morning at 10 o'clock from the residence and at 10:30 from Prairie Grove chapel.

HISLOP.

Mrs. Katherine Hislop, residing at 31 Lincoln avenue with her daughter, Mrs. A. J. Bitner, died very suddenly at 5 o'clock Wednesday evening, at the home of Mr. Miller, 3 Grace avenue. Death was due to apoplexy.

Mrs. Hislop, who was about 75 years of age, had been spending Christmas day with her granddaughter, Mrs. Field, at 118 West Williams street, and about 4:30 o'clock started to return home. In front of the residence of Mr. Miller she was stricken with the disease and was carried into the house by persons who saw her fall. Death ensued a few minutes later. Mrs. Hislop had spent a delightful day, seemed in the best of health and the news of her death was a deep shock to relatives.

Mrs. Hislop was the widow of the late Robert Hislop. The surviving children are Mrs. Jonathan Harrison, Mrs. Charles Cran, Mrs. A. F. Bitner, of this city, and Messrs. Jonathan and Hugh Hislop, of Muskegon.

Funeral services will be held from the residence, 31 Lincoln avenue, Saturday afternoon, at 2 o'clock.

KITSELMAN.

W. B. Kitselman, Nickel Plate conductor, was shocked last evening by the receipt of a telegram from Elkhart, Ind., informing him of the death of his mother, Mrs. Hannah J. Kitselman. The deceased was 79 years old and death was due to paralysis and old age. The remains will arrive here tomorrow morning and be taken to the home of Conductor Kitselman, 62 Runnion avenue, where the funeral will take place at 2 o'clock Saturday afternoon, Rev. M. C. Cooper officiating. Besides William Kitselman two other sons survive the deceased, viz: L. G. Kitselman, of Elkhart, and J. W. Kitselman of Grand Rapids, Mich. For twelve years the deceased and her husband were residents of Fort Wayne. Mr. Kitselman was a stonemason and was at one time extensively engaged in contracting in that line of work. In 1887 Mr. and Mrs. Kitselman removed to Elkhart, where he died two years ago.

SCHWARTZ.

George Schwartz, foreman of car inspectors at the east yards of the Pennsylvania company, died at 1 o'clock this afternoon at St. Joseph's hospital, as the result of injuries received a week ago.

Schwartz was struck by the engine of a construction train, sustaining a fracture of the skull and other injuries which have been regarded as critical from the first. Wednesday afternoon there was a serious turn for the worse in his condition, and it was realized that the end was near.

Mr. Schwartz' home was at 36 Taylor street, and he had been a car repairer for the Pennsylvania company for several years. He leaves a widow and seven children.

GRAY.

David S. Gray, an inmate of the county infirmary, died at the institution Wednesday afternoon from quinsy, at the age of 79 years. The only relative is a dau[illegible] Mrs. T. M. McDonald, of Denver, Colo.

The remans were removed to the Scheumann undertaking parlors to await instructions from the west.

FUNERAL ANNOUNCEMENTS.

McKean.—Funeral services of William H. McKean will be held from the residence on Nee-wee-ah avenue Friday morning at 10 o'clock. The interment is private.

Besancon.—Funeral services of Mrs. Josephine Besancon will be held Saturday morning at 9 o'clock from the residence on Parnell avenue and later from the Cathedral.

ABOUT THE COURT HOUSE.

The circuit court reconvened this morning, but beyond the appointment of Israel Hollopeter as guardian of the minor heirs of Matthias Hollopeter, no business of passing importance was transacted.

The case of the Andrews Land and Improvement company vs. Ovid Conner, brought here on a change of venue from Huntington county, is now in the third day of trial before Judge Aiken in the superior court.

On the order of Judge Aiken, Henry Minniker was brought into court this morning to show cause why he had not paid his divorced wife alimony, as ordered by the court. A. J. Vesey, attorney for Minniker, is reported as sick and on request of a colleague the case was continued until Saturday next.

William J. Snyder has commenced suit against Joseph Maurer to force an accounting of a minor partnership.

Harry A. Wiebke has been appointed guardian of the minor children of the late August Mossheimer, in place of Otto Herbst, whose death occurred a few days ago.

IN JUSTICES' COURTS.

The case of the state vs. George Bare, of Aboit township, for forcibly abducting his daughter from the children's home last week, is set for trial in Bullermann's court this afternoon. It is more than probable that a continuance will be taken.

Justice Tancey is in Grand Rapids in attendance upon the funeral of the late John O'Connor, jr., which occurs at that place today.

Justice Huser at noon today performed the marriage ceremony for Frank Braden and Lillie M. Angell. The ceremony was performed at the 'squire's office in the presence of a few witnesses. Justice Huser delivered his regulation osculatory congratulation, whereupon the groom handed over the regulation $20 bill.

BRIGHAM YOUNG ILL.

Salt Lake, Utah, Dec. 26.—A special to the Herald from Farmington, N. M., says that Apostle Brigham Young, president of the Quorum of Twelve of the Mormon church and the eldest living son of the famous president of the church, is lying critically ill with a complication of stomach and nervous troubles at Fruitland, a Mormon settlement near Farmington. Apostle Young left Salt Lake about two weeks ago to spend the winter in Mexico and stopped over in Fruitland for a few days. He is sixty-five years of age.

TOWN WIPED OUT BY FIRE.

Hattiesburg, Miss., Dec. 26.—Fire wiped out the business portion of this town today. The loss is estimated at $100,000; probably one-third insured. The origin of the fire is unknown.

TWO KILLED BY A TRAIN.

Lansing, Mich., Dec. 26.—Mrs. Eugene Mills and her daughter, Hulda, of Okemos, were struck by the westbound grand trunk express while driving across the railroad track near the agricultural college today and instantly killed.

The $1.25 and $1.50 books are all in and you can select 1 or 40 at 25c each at The Sentinel office. 17-tf

The annual report of the superintendent of education in Mississippi shows a little advance in the great work of lessening the illiteracy in that state. The total enrolment of the schools for the year was 387,488 pupils, as against 354,546 for the session of two years ago, an increase of 27,942.

DEMENTED YOUNG WOMAN.

Chicago, Dec. 26.—The young woman known as "Frances Ross," who is supposed to have escaped from a Portland, Oregon, convent, was adjudged insane today, experts testifying that the young woman is suffering from religious melancholia. It is believed by physicians at the hospital that treatment in a sanitarium may restore her reason. "Miss Ross" talked freely on the witness stand but would say nothing tending to establish her identity. When taken into custody here two weeks ago she had nearly $3,500 in cash and jewelry on her person.

ORDER OF COURT DEFIED.

Denver, Col., Dec. 26.—The Denver mining exchange held the usual call for the purchase and sale of mining stocks today, in defiance of the order given by Sheriff Jones, acting under instructions from Judge Johnson, that it suspend operations pending investigation by the grand jury as to the legality of its transactions. The pool rooms and bucket shops are also doing business as usual.

Neuralgia

Omega Oil

Neuralgia is a disease of the nerves, the doctors say. No one knows positively, because it is pretty hard to tell sometimes just what causes any kind of pain. One thing is certain, however. That is Omega Oil. *It cures Neuralgia.* It cures by putting the nerves to sleep. It is believed to be the only external cure known for Neuralgia. Every internal neuralgia medicine is strong and dangerous. Omega Oil cures from the outside, and there is no risk or danger in using it.

GOMEZ IS BADLY TREATED.

Havana, Dec. 26.—According to telegrams printed in Estrada Palma's official organs General Gomez is faring badly on his political tour in favor of Palma. In Puerto Principe province his meetings have been broken up, he has been received with shouts of "Traitor," and stones have been thrown at him. General Gomez is mounted on the same horse he used during the war and is accompanied by a band and a number of veterans. The Maso feeling is running strong in Pureto Principe.

The Nacion says Gomez is paid by the government to stump the country. He is met with the accusation on every hand. Maso's followers have withdrawn every one of their candidates and the feeling at some points is bitter.

WHITE HOUSE TO BE CLOSED.

Washington, Dec. 26.—The white house will remain closed until New Year's day. Only visitors having urgent and important business will be seen by the president during the coming week. Mrs. Roosevelt and the children, with Dr. Rixey, will sail down the Potomac this afternoon on the government yacht Dolphin. They will be gone several days. A portion of the time will be spent at a club house on an island near Quantico, Va., about twenty miles from Washington, and Dr. Rixey and young Theodore, jr., expect to have some duck shooting from the club's blinds. The president will remain here while the family is away. He will entertain some of his friends at luncheon and dinner each day.

GENERAL ALGER DOING WELL.

Detroit, Mich., Dec. 26.—At General Alger's residence this morning it was reported that he had passed a very good night. The bulletin issued by the physicians today says:

"General Alger slept a great deal during the day yesterday and off and on during the night. He has taken light liquid nourishment every two hours since 10 o'clock last night, with no disturbance of the stomach. This morning his temperature is normal and his pulse 66."

A TRUE AND CERTAIN CURE FOR

Tuberculosis

(CONSUMPTION)

The ENK MEDICINE CO. announces the discovery of a true and certain cure for that arch foe to human health, Tuberculosis. The announcement is made with a full appreciation of how it is likely to be received by the public. Our directory has been divided upon the question whether such an announcement might not discredit the entire list of Enk Preparations in the minds of the general public. But the astounding record made by this marvelous remedy has finally overbalanced every other consideration. The remedy has

Never Failed to Cure

after fair trial in many cases. We have cured cases where the patients have been confined to their beds for from four to five months and were apparently in the last stages of the disease. All made complete recoveries and are in good health today. We have had no deaths.

THE COMPLETE CURE CONSISTS OF THREE VIALS, viz:

VIAL "D"—For Hectic Fever, to be used only until pulse and temperature are normal.

VIAL "E"—For debility, night sweats, and the removal of already present tuberculous masses from the system.

VIAL "F"—For preventing the metamorphosis of tissue constituting tubercles.

With the first few doses of Vial "F" the formation of tubercles positively ceases and all progress of the disease is stopped. This we have ascertained by repeated experiment. The process is simple: we supply a certain element which is lacking in all systems where tubercles form and supply it in a form that the system cannot reject or cast out. All food contains this element, but the consumptive does not assimilate it. We reopen the way and restore lost function.

This remedy cures "white swelling" just as readily, or any form of Tuberculosis. The effects is immediate.

THE PRICE OF EACH VIAL IS $1.00

The relative amounts used in a number of cases varies considerably. For instance, we had one case of a bed-ridden consumptive who only used the fever remedy three days. He made a beautiful recovery, sitting up a little in three days, had his clothing on in a week and drove seven miles to town in three weeks. He is doing farm work today.

Sold by druggists or sent direct by mail.

MRS. SUSAN ROBERTSON DEAD

SHE WAS A PIONEER RESIDENT OF ALLEN COUNTY.

Car Inspector George Schwartz Succumbs to Injuries—Other Deaths and Funerals.

Mrs. Susan Robertson, a pioneer resident of Allen county, died Christmas morning at the home of her daughter, Mrs. W. B. McMaken, four miles southwest of the city, at the age of seventy-nine years. Mrs. Robertson had long been a sufferer from bronchial troubles.

She was a native of Virginia, and removed with her parents, Mr. and Mrs. James Banks, to DeKalb county, Ohio, when seven years of age. Here she grew to womanhood, and was married in 1843 to John Robertson, also a native of Virginia. In 1850 she removed with her husband and three children to Allen county, Indiana, where she resided until her death.

Mrs. Robertson was the mother of twelve children, eight of whom, with her husband, preceded her. The surviving children are Mrs. Martha Humphrey, of Dunsmuir, Cal.; Mrs. Lydia Bennett, of Chapman, Kan.; Mrs. Ruth Cunnison, of Berkley, Cal., and Mrs. Deborah McMaken, of Wayne township. There are thirteen grandchildren and four great grandchildren. The deceased was a member of Wayne street M. E. church, and was held in universal esteem as a true, kind-hearted Christian woman.

Funeral services will be held Saturday morning at 10 o'clock from the residence and at 10:30 from Prairie Grove chapel.

HISLOP.

Mrs. Katherine Hislop, residing at 31 Lincoln avenue with her daughter, Mrs. A. J. Bitner, died very suddenly at 5 o'clock Wednesday evening, at the home of Mr. Miller, 3 Grace avenue. Death was due to apoplexy.

Mrs. Hislop, who was about 75 years of age, had been spending Christmas day with her granddaughter, Mrs. Field, at 118 West Williams street, and about 4:30 o'clock started to return home. In front of the residence of Mr. Miller she was stricken with the disease and was carried into the house by persons who saw her fall. Death ensued a few minutes later. Mrs. Hislop had spent a delightful day, seemed in the best of health and the news of her death was a deep shock to relatives.

Mrs. Hislop was the widow of the late Robert Hislop. The surviving children are Mrs. Jonathan Harrison, Mrs. Charles Cran, Mrs. A. F. Bitner, of this city, and Messrs. Jonathan and Hugh Hislop, of Muskegon.

Funeral services will be held from the residence, 31 Lincoln avenue, Saturday afternoon, at 2 o'clock.

KITSELMAN.

W. B. Kitselman, Nickel Plate conductor, was shocked last evening by the receipt of a telegram from Elkhart, Ind., informing him of the death of his mother, Mrs. Hannah J. Kitselman. The deceased was 79 years old and death was due to paralysis and old age. The remains will arrive here tomorrow morning and be taken to the home of Conductor Kitselman, 62 Runnion avenue, where the funeral will take place at 2 o'clock Saturday afternoon, Rev. M. C. Cooper officiating. Besides William Kitselman two other sons survive the deceased, viz: L. G. Kitselman, of Elkhart, and J. W. Kitselman of Grand Rapids, Mich. For twelve years the deceased and her husband were residents of Fort Wayne. Mr. Kitselman was a stonemason and was at one time extensively engaged in contracting in that line of work. In 1867 Mr. and Mrs. Kitselman removed to Elkhart, where he died two years ago.

SCHWARTZ.

George Schwartz, foreman of car inspectors at the east yards of the Pennsylvania company, died at 2 o'clock this afternoon at St. Joseph's hospital, as the result of injuries received a week ago.

Schwartz was struck by the engine of a construction train, sustaining a fracture of the skull and other injuries which have been regarded as critical from the first. Wednesday afternoon there was a serious turn for the worse in his condition, and it was realized that the end was near.

Mr. Schwartz' home was at 36 Taylor street, and he had been a car repairer for the Pennsylvania company for several years. He leaves a widow and seven children.

GRAY.

David S. Gray, an inmate of the county infirmary, died at the institution Wednesday afternoon from quinsy, at the age of 79 years. The only known relative is a daughter, Mrs. T. M. McDonald, of Denver, Colo.

The remans were removed to the Scheumann undertaking parlors to await instructions from the west.

FUNERAL ANNOUNCEMENTS.

McKean.—Funeral services of William H. McKean will be held from the residence on Nee-wee-ah avenue Friday morning at 10 o'clock. The interment is private.

Besancon.—Funeral services of Mrs. Josephine Besancon will be held Saturday morning at 9 o'clock from the residence on Parnell avenue and later from the Cathedral.

ABOUT THE COURT HOUSE.

The circuit court reconvened this morning, but beyond the appointment of Israel Hollopeter as guardian of the minor heirs of Matthias Hollopeter, no business of passing importance was transacted.

The case of the Andrews Land and Improvement company vs. Ovid Conner, brought here on a change of venue from Huntington county, is now in the third day of trial before Judge Aiken in the superior court.

On the order of Judge Aiken, Henry Minniker was brought into court this morning to show cause why he had not paid his divorced wife alimony, as ordered by the court. A. J. Vesey, attorney for Minniker, is reported as sick and on request of a colleague the case was continued until Saturday next.

William J. Snyder has commenced suit against Joseph Maurer to force an accounting of a minor partnership.

Harry A. Wiehke has been appointed guardian of the minor children of the late August Mossheimer, in place of Otto Herbst, whose death occurred a few days ago.

IN JUSTICES' COURTS.

The case of the state vs. George Bare, of Aboit township, for forcibly abducting his daughter from the children's home last week, is set for trial in Bullermann's court this afternoon. It is more than probable that a continuance will be taken.

Justice Tancey is in Grand Rapids in attendance upon the funeral of the late John O'Connor, jr., which occurs at that place today.

Justice Huser at noon today performed the marriage ceremony for Frank Braden and Lillie M. Angell. The ceremony was performed at the 'squire's office in the presence of a few witnesses. Justice Huser delivered his regulation osculatory congratulation, whereupon the groom handed over the regulation $20 bill.

BRIGHAM YOUNG ILL.

Salt Lake, Utah, Dec. 26.—A special to the Herald from Farmington, N. M., says that Apostle Brigham Young, president of the Quorum of Twelve of the Mormon church and the eldest living son of the famous president of the church, is lying critically ill with a complication of stomach and nervous troubles at Fruitland, a Mormon settlement near Farmington. Apostle Young left Salt Lake about two weeks ago to spend the winter in Mexico and stopped over in Fruitland for a few days. He is sixty-five years of age.

TOWN WIPED OUT BY FIRE.

Hattiesburg, Miss., Dec. 26.—Fire wiped out the business portion of this town today. The loss is estimated at $100,000; probably one-third insured. The origin of the fire is unknown.

TWO KILLED BY A TRAIN.

Lansing, Mich., Dec. 26.—Mrs. Eugene Mills and her daughter, Hulda, of Okemos, were struck by the westbound grand trunk express while driving across the railroad track near the agricultural college today and instantly killed.

DEMENTED YOUNG WOMAN.

Chicago, Dec. 26.—The young woman known as "Frances Ross," who is supposed to have escaped from a Portland, Oregon, convent, was adjudged insane today, experts testifying that the young woman is suffering from religious melancholia. It is believed by physicians at the hospital that treatment in a sanitarium may restore her reason. "Miss Ross" talked freely on the witness stand but would say nothing tending to establish her identity. When taken into custody here two weeks ago she had nearly $3,500 in cash and jewelry on her person.

ORDER OF COURT DEFIED.

Denver, Col., Dec. 26.—The Denver mining exchange held the usual call for the purchase and sale of mining stocks today, in defiance of the order given by Sheriff Jones, acting under instructions from Judge Johnson, that it suspend operations pending investigation by the grand jury as to the legality of its transactions. The pool rooms and bucket shops are also doing business as usual.

Neuralgia

Omega Oil

Neuralgia is a disease of the nerves, the doctors say. No one knows positively, because it is pretty hard to tell sometimes just what causes any kind of pain. One thing is certain, however. That is Omega Oil. *It cures Neuralgia.* It cures by putting the nerves to sleep. It is believed to be the only external cure known for Neuralgia. Every internal neuralgia medicine is strong and dangerous. Omega Oil cures from the outside, and there is no risk or danger in using it.

Enough to make anyone "give out."

Doan's Kidney Pills will give renewed life.

They will cure the backache.

Cure every kidney ill.

Here is Fort Wayne proof that this is so:

Mrs. J. W. Hartman, of 25 Jane street, says: "Before I obtained Doan's Kidney Pills from Meyer Bros. & Co.'s drug store and used them, I was a great sufferer from kidney trouble. My back ached night and day and I could only get rest and sleep by assuming the same position in bed each night. As soon as I began taking Doan's Kidney Pills I improved and soon felt as though I had never known what kidney trouble was. My husband also took the remedy and received great benefit. He was troubled with backache and when he stood up after sitting a few minutes he could not straighten his back. The kidney secretions were also highly discolored, but this, as well as the other symptoms, gave way to Doan's Kidney Pills."

SENATOR HANNA'S TRIBUTE

DISCUSSES M'KINLEY IN A MAGAZINE ARTICLE.

Knows Nothing in History to Compare With Climax and Ending of President's Life.

New York, Dec. 26.—In a copyrighted article in the National Magazine, United States Senator Mark Hanna, of Ohio, writes at length concerning the late President William McKinley. In conclusion the writer gives the following personal reminiscences:

"I know of nothing in all history that can compare with the splendid climax and ending of this noble life. One of the sweetest consolations that come to me is the memory that on Tuesday, preceding his death, he asked to see a newspaper, and when he was told 'Not today,' he asked, 'Is Mark here?'

"'Yes, Mr. President,' was the response, and in that one sweet last remembrance was a rich reward for the years of devotion which it had always been my pleasure to give him. There was nothing in the expression of his face or manner denoting exultation over his victory when it was announced that he was elected president. He seemed to realize fully the sacred responsibilities placed upon him, and the quiet dignity and self-possession which marked the man then and in days after were just what his personal friends expected of him. The first day I greeted him after he was inaugurated at the white house, in the course of our conversation I inadvertently called him 'Major' and 'Governor' and when I stopped to correct myself he would say: 'Each one is fitting; I'm not particular which.'"

"STEEPLE JOE" LAWLER DEAD

New York, Dec. 26.— "Steeple Joe" Lawler, the original steeple climber, is dead in Gouverneur hospital. Lawler was forty years old and during his time as a "steeple jack" probably ascended more steeples and tutored more pupils in his dangerous trade than any other man in the country. Lawler was originally a member of the fire department and it was in the training he received as a fireman that he developed his ability as a steeple climber. While a member of the ladder company he made a record of ascending over 128 feet in a trifle over two minutes. Lawler was sent throughout the country by the fire department to exhibit apparatus and performed some daring feats at his trade of scaling the side of buildings. When he was in San Francisco on this mission in 1895 he met and married Cleo Levine, an actress. He gilded the ball on the top of the flagstaff of the dome of the Pulitzer building five times, swinging 435 feet in the air, while thousands of people below watched him with anxiety. He worked at old Trinity and Grace churches, helped place Diana on the tower of Madison Square Garden and handled the preliminary rigging on the high Poughkeepsie bridge across the Hudson. He served in Cuba and Porto Rico during the war with Spain and superintended the building of the first military bridge in Porto Rico.

CHRISTIAN DAILY IN JAPAN.

St. Joseph, Mo., Dec. 26.—A Christian daily newspaper is to be established in Tokio, Japan. Rev. Charles M. Sheldon, of Topeka, Kan., has furnished the idea in "In His Steps" and U. Kawawi is the Japanese newspaper man who is to carry it out in practical form. He has purchased part of the newspaper plant here and will buy the rest of the material in Chicago. He was educated in an Iowa college.

Mr. Kawaki said: "The journal will bear in mind the great interest of humanity and will endeavor to remove the prevailing narrow conceptions of patriotism and nationalism and implant instead a broad brotherly sympathy for the whole world. The far eastern question will remain for many years a fruitful source of dispute between nations and races unless the pure mind of the Master be given supreme place in all national and international relations. We confidently expect to begin publication with a subscription list of several thousand."

THE MARKETS.

Chicago, Dec. 26.—May wheat opened firm today, ⅛@¼c to ¼@⅜c higher at 82¼c to 82⅜c. A report stating that lack of snow protection in the southwest had adversely affected the root growth was a bullish factor. Aside from this information the crowd was inclined to be bullish and a fair demand sent May to 82⅞c during the first hour. Local receipts (two days) were 79 cars, 2 of which were graded contract. Minneapolis and Duluth (3 days) reported 1,354 cars, making a total for the three points of 1,433 cars against 411 last week and 473 a year ago.

A big market developed later and May advanced to 81⅜@81¼c. A reaction to 82⅝@82½c followed on profit-taking, but the close was strong, May ½@⅝c higher at 82⅝c.

Corn was quiet and steady early, balancing between the conflicting influences of a reported smaller demand for heavy feeding and the wheat strength. May opened practically unchanged at 67⅛c to 67c, touched 66⅞c and then reacted to 67¼c. Receipts were 346 cars.

The close was easy, May a shade lower at 67c.

The oats market was dull but steady in sympathy with wheat. May opened unchanged at 45⅜c to 45½c and sold to 45¾c. Receipts were 297 cars.

Provisions prices advanced on light offerings influenced by light hog receipts. The majority of transactions were for delivery in May. May pork opened 7½c higher at $17.00 and advanced to $17.10; May lard 10c up at $9.92½@9.95, selling to $9.97½, and May ribs 5c improved at $8.70, selling to $8.67½ and then to $8.72½.

THE CLOSE.

Prices at the close were as follows:

Wheat—Dec., 79⅛c; Jan., 79⅛c; May, 82⅝c; July, 82⅜@82½c.

Corn—Dec., 64⅜c; Jan., 64¼c; May, 67c; July, 66⅝@66¾c.

Oats—Dec., 44¾c; May, 45⅞c; July, 39¼c; Sept., 33⅛@33⅜c.

Pork—Dec., $15.55; Jan., $16.75; May, $17.25; July, $17.30.

Lard—Dec., $9.97½; Jan., $9.97½; May, $10.05.

Ribs—Dec., $8.55; Jan., $8.55; May, $8.67½@8.80.

Flax—Cash N. W., $1.59; No. 1, $1.57; Dec., $1.57; May, $1.61.

Rye—Dec., 65c; May, 68¼c.

Barley—Cash, 56@63c.

Timothy—March, $6.60.

Clover—March, $9.65.

THE DAY ON WALL STREET.

New York, Dec. 26.—Dealings were in small volume at the opening and were narrowly distributed. The specialties were very irregular. Sugar continued its downward course, losing a point in the first few minutes. St. Paul declined nearly a point and Metropolitan Street Railway 1½. American Ice and Westinghouse Electric rose a point each.

Bear selling of the other specialties was encouraged by a 2 point decline in Sugar, and Amalgamated, Brooklyn Transit, General Electric, Pressed Steel Car and the Smelting stocks declined 1@2. Railroad stocks held rather well, but were quiet. The shorts became disquieted by the firmness of Manhattan and Sugar and covered heavily, lifting the former 3½ and the latter 4⅞ to 108½. Some large blocks of other prominent stocks were taken and recoveries of earlier losses were quite general. The Pacifics and New York Central were advanced strongly. Westinghouse Electric gained 4 points and Hocking Valley rose 2⅝, and the preferred and Kanawha and Michigan a point each.

Trading became broader and more active and all the principal stocks sold higher. Sugar touched 109. Many less prominent stocks gained a point or two, including Delaware and Hudson, Glucose, Hocking Coal, Great Northern preferred, Pittsburg, C., C. & St. Louis preferred, St. Louis Southwestern preferred, Western Union and Wheeling and Lake Erie second preferred. Westinghouse Electric gained 7 in all. The market was at the best at noon.

Bonds were firm.

NEW YORK MARKETS.

New York, Dec. 26.—Flour—Receipts, 44,859 bbls; sales, 3,200 pkgs; state and western market held at an advance and therefore above buyers' views, making a dull market.

Wheat—Receipts, 174,800 bu; sales, 1,745,000 bu; market strong and fairly active on continued bullishness in winter wheat markets and buying for St. Louis account. Dec., 85¾@86⅛c; May, 87⅞@88c; July, 87⅜@87⅝c.

Rye—Market quiet; state, 68@69c, c. i. f. New York car lots; No. 2 western, 74½c, f. o. b. afloat.

Corn—Receipts, 66,000 bu; sales, 40,000 bu; market at first was a trifle easier, but turned stronger at noon with wheat. Dec., 70¾c; May, 71⅛@71⅛c.

GIVING OUT!

THE STRUGGLE DISCOURAGES MANY A CITIZEN OF FORT WAYNE.

Around all day with an aching back.

Can't rest at night.

Enough to make anyone "give out."

Doan's Kidney Pills will give renewed life.

They will cure the backache.

Cure every kidney ill.

Here is Fort Wayne proof that this is so:

Mrs. J. W. Hartman, of 25 Jane street, says: "Before I obtained Doan's Kidney Pills from Meyer Bros. & Co.'s drug store and used them, I was a great sufferer from kidney trouble. My back ached night and day and I could only get rest and sleep by assuming the same position in bed each night. As soon as I began taking Doan's Kidney Pills I improved and soon felt as though I had never known what kidney trouble was. My husband also took the remedy and received great benefit. He was troubled with backache and when he stood up after sitting a few minutes he could not straighten his back. The kidney secretions were also highly discolored, but this, as well as the other symptoms, gave way to Doan's Kidney Pills."

For sale by all dealers. Price 50 cents. Foster-Milburn Co., Buffalo, N. Y. Sole agents for the United States.

Remember the name—Doan's—and take no other.

SENATOR HANNA'S TRIBUTE

DISCUSSES M'KINLEY IN A MAGAZINE ARTICLE.

Knows Nothing in History to Compare With Climax and Ending of President's Life.

New York, Dec. 26.—In a copyrighted article in the National Magazine, United States Senator Mark Hanna, of Ohio, writes at length concerning the late President William McKinley. In conclusion the writer gives the following personal reminiscences:

"I know of nothing in all history that can compare with the splendid climax and ending of this noble life. One of the sweetest consolations that come to me is the memory that on Tuesday, preceding his death, he asked to see a newspaper, and when he was told 'Not today,' he asked, 'Is Mark here?'

"'Yes, Mr. President,' was the response, and in that one sweet last remembrance was a rich reward for the years of devotion which it had always been my pleasure to give him. There was nothing in the expression of his face or manner denoting exultation over his victory when it was announced that he was elected president. He seemed to realize fully the sacred responsibilities placed upon him, and the quiet dignity and self-possession which marked the man then and in days after were just what his personal friends expected of him. The first day I greeted him after he was inaugurated at the white house, in the course of our conversation I inadvertently called him 'Major' and 'Governor' and when I stopped to correct myself he would say: 'Each one is fitting; I'm not particular which.'"

"STEEPLE JOE" LAWLER DEAD

New York, Dec. 26.— "Steeple Joe" Lawler, the original steeple climber, is dead in Gouverneur hospital. Lawler was forty years old and during his time as a "steeple jack" probably ascended more steeples and tutored more pupils in his dangerous trade than any other man in the country. Lawler was originally a member of the fire department and it was in the training he received as a fireman that he developed his ability as a steeple climber. While a member of the ladder company he made a record of ascending over 128 feet in a trifle over two minutes. Lawler was sent throughout the country by the fire department to exhibit apparatus and performed some daring feats at his trade of scaling the side of buildings. When he was in San Francisco on this mission in 1895 he met and married Cleo Levine, an actress. He gilded the ball on the top of the flagstaff of the dome of the Pulitzer building five times, swinging 435 feet in the air, while thousands of people below watched him with anxiety. He worked at old Trinity and Grace churches, helped place Diana on the tower of Madison Square Garden and handled the preliminary rigging on the high Poughkeepsie bridge across the Hudson. He served in Cuba and Porto Rico during the war with Spain and superintended the building of the first military bridge in Porto Rico.

CHRISTIAN DAILY IN JAPAN.

St. Joseph, Mo., Dec. 26.—A Christian daily newspaper is to be established in Tokio, Japan. Rev. Charles M. Sheldon, of Topeka, Kan., has furnished the idea in "In His Steps" and U. Kawawi is the Japanese newspaper man who is to carry it out in practical form. He has purchased part of the newspaper plant here and will buy the rest of the material in Chicago. He was educated in an Iowa college.

Mr. Kawaki said: "The journal will bear in mind the great interest of humanity and will endeavor to remove the prevailing narrow conceptions of patriotism and nationalism and implant instead a broad brotherly sympathy for the whole world. The far eastern question will remain for many years a fruitful source of dispute between nations and races unless the pure mind of the Master be given supreme place in all national and international relations. We confidently expect to begin publication with a subscription list of several thousand."

SENATOR SEWELL VERY WEAK.

Camden, N. J., Dec. 26.—The physicians in attendance upon United States Senator Sewell said today that he is weaker than at any time since he returned to his home from Asheville, N. C., nearly a month ago.

THE MARKETS.

Chicago, Dec. 26.—May wheat opened firm today, ½@¾c to ½@⅞c higher at 82¼c to 82⅝c. A report stating that lack of snow protection in the southwest had adversely affected the root growth was a bullish factor. Aside from this information the crowd was inclined to be bullish and a fair demand sent May to 82⅞c during the first hour. Local receipts (two days) were 79 cars, 2 of which were graded contract. Minneapolis and Duluth (3 days) reported 1,354 cars, making a total for the three points of 1,433 cars against 411 last week and 473 a year ago.

A big market developed later and May advanced to 81⅜@81¼c. A reaction to 82⅝@82½c followed on profit-taking, but the close was strong, May ½@⅝c higher at 82⅜c.

Corn was quiet and steady early, balancing between the conflicting influences of a reported smaller demand for heavy feeding and the wheat strength. May opened practically unchanged at 67⅛c to 67c, touched 66⅞c and then reacted to 67⅛c. Receipts were 346 cars.

The close was easy, May a shade lower at 67c.

The oats market was dull but steady in sympathy with wheat. May opened unchanged at 45⅜c to 45½c and sold to 45¾c. Receipts were 297 cars.

Provisions prices advanced on light offerings influenced by light hog receipts. The majority of transactions were for delivery in May. May pork opened 7½c higher at $17.00 and advanced to $17.10; May lard 10c up at $9.92½@9.95, selling to $9.97½, and May ribs 5c improved at $8.70, selling to $8.67½ and then to $8.72½.

THE CLOSE.

Prices at the close were as follows:

Wheat—Dec., 79½c; Jan., 78½c; May, 82⅝c; July, 82⅝@82½c.

Corn—Dec., 64⅜c; Jan., 64¼c; May, 67c; July, 66⅜@66¾c.

Oats—Dec., 44¼c; May, 45½c; July, 39½c; Sept., 33¼@33⅜c.

Pork—Dec., $15.55; Jan., $16.75; May, $17.25; July, $17.30.

Lard—Dec., $9.97½; Jan., $9.97½; May, $10.05.

Ribs—Dec., $8.55; Jan., $8.55; May, $8.67½@8.80.

Flax—Cash N. W., $1.59; No. 1, $1.57; Dec., $1.57; May, $1.61.

Rye—Dec., 65c; May, 68¼c.

Barley—Cash, 56@63c.

Timothy—March, $3.60.

Clover—March, $9.65.

Oil—North Lima, 85c; South Lima and Indiana, 80c.

THE DAY ON WALL STREET.

New York, Dec. 26.—Dealings were in small volume at the opening and were narrowly distributed. The specialties were very irregular. Sugar continued its downward course, losing a point in the first few minutes. St. Paul declined nearly a point and Metropolitan Street Railway 1½. American Ice and Westinghouse Electric rose a point each.

Bear selling of the other specialties was encouraged by a 2 point decline in Sugar, and Amalgamated. Brooklyn Transit, General Electric, Pressed Steel Car and the Smelting stocks declined 1@2. Railroad stocks held rather well, but were quiet. The shorts became disquieted by the firmness of Manhattan and Sugar and covered heavily, lifting the former 3½ and the latter 4¾ to 108½. Some large blocks of other prominent stocks were taken and recoveries of earlier losses were quite general. The Pacifics and New York Central were advanced strongly. Westinghouse Electric gained 4 points and Hocking Valley rose 2¾, and the preferred and Kanawha and Michigan a point each.

Trading became broader and more active and all the principal stocks sold higher. Sugar touched 109. Many less prominent stocks gained a point or two, including Delaware and Hudson, Glucose, Hocking Coal, Great Northern preferred, Pittsburg, C., C. & St. Louis preferred, St. Louis Southwestern preferred, Western Union and Wheeling and Lake Erie second preferred. Westinghouse Electric gained 7 in all. The market was at the best at noon.

Bonds were firm.

NEW YORK MARKETS.

New York, Dec. 26.—Flour—Receipts, 44,859 bbls; sales, 3,200 pkgs; state and western market held at an advance and therefore above buyers' views, making a dull market.

Wheat—Receipts, 174,800 bu; sales, 1,745,000 bu; market strong and fairly active on continued bullishness in winter wheat markets and buying for St. Louis account. Dec., 85¾@86¼c; May, 87⅛@88c; July, 87⅜@87⅝c.

Rye—Market quiet; state, 68@69c. c. i. f. New York car lots; No. 2 western, 74⅜c, f. o. b. afloat.

Corn—Receipts, 66,000 bu; sales, 40,000 bu; market at first was a trifle easier, but turned stronger at noon with wheat. Dec., 70¾c; May, 71⅛@71¼c.

Oats—Receipts, 198,000 bu; market firm but quiet. Track white, 53@57c.

Beef—Market steady.

Pork—Market firm.

How Strong Are You?

The dial of the punching machine won't answer that question. Strength depends on nutrition. When the stomach and other organs of digestion and nutrition are diseased, the body fails to receive its full supply of nourishment and hence grows weak. That is why no man is stronger than his stomach.

Dr. Pierce's Golden Medical Discovery cures diseases of the stomach and the allied organs of digestion and nutrition. The food eaten is then perfectly digested and assimilated and the body is made strong in the only possible way—by nutrition.

"I was troubled with indigestion for about two years," writes Wm. Bowker, Esq., of Juliaetta, Latah Co., Idaho. "I tried different doctors and remedies but to no avail, until I wrote to you and you told me what to do. I suffered with a pain in my stomach and left side and thought that it would kill me. Now I am glad to write this and let you know that I am all right. I can do my work now without pain and I don't have that tired feeling that I used to have. Five bottles of Dr. Pierce's Golden Medical Discovery and two vials of his 'Pleasant Pellets' cured me."

Dr. Pierce's Pleasant Pellets stimulate the liver.

WABASH AND B. & O. RESUME ACTIVE HOSTILITIES.

THE CROSSING DIFFICULTIES

BREAK OUT AFRESH, STOPPING WORK AT ST. JOE.

SHORTAGE IN MOTIVE POWER

BRINGS ABOUT ANNOYING BUT TEMPORARY BLOCKADE.

Trouble has broken out afresh at St. Joe, where the new line of the Wabash crosses the Baltimore and Ohio road. Last Monday it was announced that all differences between the companies had been adjusted and that the work of building the new road would proceed from the Butler end without further interference. With this understanding the construction trains and men were taken from the New Haven to the Butler end of the line, where the bulk of the construction material is located. This morning the whole outfit returned to New Haven and will work northward until the line is completed to the Baltimore and Ohio crossing. By that time it is believed the crossing difficulties will have been adjusted. The exact nature of the legal situation which is responsible for the present suspension of work on the Butler end of the road could not be learned here today. This weather, while not the most favorable for railroad building, is a decided improvement over that of last week and the contractor is taking advantage of it by pushing construction work to the best of his ability and that of his working force.

WORKING A BIG FORCE.

The brief suspension of local freight business on account of Christmas has been followed by a pile of work which could not be handled in the usual manner and by the usual day force and at all of the warehouses additions were made by drawing upon other departments. At the Pennsylvania warehous the night force came to the rescue, working until the noon hour. Matters are fast resuming normal conditions and tomorrow will find business running smoothly again.

FELL ON THE SIDEWALK.

While walking down street yesterday Herman Mannweiler stepped upon a banana peeling and instantly he was thrown to the stone pavement. In the fall his right hand was caught beneath his body in such a manner that the knuckles were almost dislocated and the tendrons severely sprained. The injury is most painful and Mr. Mannweiler will be unable to work for a week or longer.

BIG ABSENTEE LIST.

The Pennsylvania shops are running light-handed today, the absentee lists being larger than they have been any other day in the past month. Undoubtedly many of the absent ones are sick, but they failed to report cause of absence. Among this class are Henry Burlage, G. C. Dierstein, Louis Stetter, T. J. Morris, J. L. Bedwards, H. C. Roan, J. Gans, V. Schroyer, J. Moore, W. Lepper, John Wilhelm, A. J. Huber, J. Gomoll, James Donahue, Charles Szink and Andy Koonz. John Neibel has an injured eye, E. L. Field is attending a funeral, D. J. Barkley is with his parents at Hoagland, C. W. Cran and H. Welsh are looking after private business and Philip France and Charles Heckman are sick.

EX-CONDUCTOR MOORE HERE.

S. C. Moore, ex-conductor on the Grand Rapids and Indiana road, is in the city to spend the holidays with his family and numerous friends. Mr. Moore is now managing extensive zinc mines in Joplin, Mo., for a company composed of Fort Wayne men and of which he is a member and stockholder. The property is valuable, though circumstances have arisen to retard the work of mining temporarily. An adjoining mine is turning out $20,000 worth of ore per month. It is believed that the property owned by Mr. Moore and his business associates will prove even more productive in a short time.

WAS FORMER FORT WAYNEITE.

The Huntington News-Democrat announces the death of Jerry Miller, which occurred in that city Tuesday morning at 9 o'clock. The deceased was quite wealthy, being the owner of some valuable real estate in Chicago and Huntington. He was a machinist by trade, having learned that business in the Wabash shops in this city, but for [illegible] prior to death he had been engaged exclusively in the real estate line. He worked in the Pittsburg and in the Base shops in this city, also, after completing his apprenticeship.

ON ITS BIENNIAL TRIP.

The Pennsylvania color-blind car started upon its regular biennial tour of the lines in the northwestern system this morning. When applicants for positions in the train service are made, they are given a thorough test as to color-blindness and if there are the least suspicions of its presence the applicant is refused. The car is simply to determine if there are any who have contracted this defect in sight within the past two years or since they entered the service.

CONDUCTOR MAUK BETTER.

It will be pleasant news to a large circle of friends to hear that F. M. Mauk, the Pennsylvania passenger conductor, is making rapid progress toward recovery, after an illness extending back several months. Mr. Mauk is able to walk about and do light chores about the house and barn and seems to feel that the improvement is going to be permanent.

GAVE HIM A LANTERN.

Conductor F. I. Stump, who enjoys the good will of his fellow railroad men to a degree rarely experienced, was the recipient of a few honors at the hands of the Findlay, Fort Wayne and Western employes yesterday. Just before his train pulled out of the Findlay station, he was summoned to the ticket office, where Agent W. A. Morris, in behalf of his fellow railway men, presented Mr. Stump with a conductor's lantern of a new pattern. The recipient was so surprised that he was scarcely able to express his thanks.

SCOTT COOPER'S CONDITION.

Mrs. J. D. Swayne, of South Broadway, has returned from Springfield, Ill., where she went several days ago to see her brother, Mr. Scott Cooper, whose misfortune was mentioned in The Sentinel two or three weeks ago. Mrs. Swayne reports her brother's condition favorable, though there is some danger of undue inflammation setting in the wounded eye. The piece of steel which destroyed the eye penetrated the upper socket wall, almost reaching the brain. Mr. Cooper is the general foreman of the Wabash shops at Springfield. He is a native of Fort Wayne and is widely known here.

DECEIVED THE "BOSS."

A number of freight engineers and conductors on the Big Four lines are anxious as to the result of their failing to report for duty during the recent cold weather, says the Indianapolis Journal. So many sent in excuses that they were unable to work on account of illness that the superintendent thought it his duty to call and see if they needed any aid of any kind and he visited their homes. To his surpise he found that four of the number were out rabbit hunting and others were off visiting. He was so indignant over the matter that he has summoned them to his office to see what excuse they have to offer before taking further action in the matter.

NO APPOINTMENT YET.

Motive Power Supt. J. B. Barnes, of the Wabash, who has been in the city a few days combining business with a visit with relatives, said to a Sentinel reporter this morning that he had not decided upon a successor to Master Mechanic G. S. McKee and would probably not settle that question for a week. Mr. Barnes parts with the services of McKee with regret, as their associations have been most pleasant. Mr. Barnes will leave this evening for his home, Springfield, Ill.

A SHORT BLOCKADE.

For the period of an hour there was a complete blockade at the Nickel Plate yards yesterday, due more to lack of power to move the trains than to any other cause. At 3 o'clock in the afternoon there were 8,000 tons of freight in the yards and available power sufficient to move about 2,100 tons. Cars filled every track but the main track from the Lake Erie and Western road to the bridge and a long string of cars extended east as far as the freight house. Then engines began to become available and the immense tonnage was soon out on the road en route to its destination.

INDUSTRIAL NOTES.

Mrs. N. Gruber, wife of the Pittsburg shopman, went to Buffalo Tuesday for a week's visit with relatives.

C. P. Porter, assistant cashier of the Wabash freight house, and his family, are at Peru, the guests of his mother.

Engines bearing the letters C., a. & D. are becoming a common sight on the Findlay. No. 30 is hauling [illegible] train 2 during repairs to the Findlay engine usually employed on that run.

George Wood, of the electric works, is entertaining his old friend, Frank Mahoney, of Chicago.

John J. Beugnot, foreman of the Pennsylvania car machine shop, was the guest of friends in Indianapolis yesterday.

Boilermaker Patrick Cunningham, of the Wabash shops, has been confined to his home a few days with an injured eye.

W. H. White, air brake man at the east car shops, resumed work this morning after an absence on account of an injured hand.

Darius Preble and Paul Laible resumed their respective duties at the electric works this mornig, after being on the sick list.

Passenger engine 169, from the eastern division of the Nickel Plate, has gone to the Stony Island shops for general repairs.

Mrs. James Young, wife of the Pennsylvania switch tender, has gone to Upper Sandusky for a week's visit with her parents.

Mrs. John L. Cooper and daughter, Queen, of Goshen, are visiting Patrolman John M. Neufer, of the Pennsylvania police department.

C. K. Norton, who has charge of the Nickel Plate dining cars during their stay in this city, is entertaining his son, James Norton, of Toledo.

Mrs. Telley, wife of Engineer Frank Telley, of the Nickel Plate, is quite sick and Mr. Telley has been staying at home on that account.

Perb Davis, well known Pennsylvania switchman, is quite sick and may go to the hospital for an operation. He suffers from gall stones.

Machinist Thomas Mills, of the Wabash shops, and his wife, have as guests the lady's brother, Andrew Shuhler, and family, of Lima, Ohio.

Passenger engine 623, from the Detroit division of the Wabash, arrived here this morning and was taken into the shops for light repairs.

William J. Haas resumed his duties at the Pittsburg freight office this morning after an absence on account of the death of his brother, Louis Haas.

Miss Elnora Scott, of the State university at Bloomington, Ind., is the guest of her father, Motorman A. W. Scott, of the Fort Wayne Traction road.

Freight House Foreman H. J. Acker, of the Pennsylvania, is on duty again. The reader will remember that Mr. Acker sustained severe injuries by a fall two weeks ago.

Machinist and Mrs. Adam Collis and their son left last night for Altoona, Pa., where Mrs. Collis' father is so ill that he cannot live more than a day or two. Mr. Collis works in the Pittsburg shops.

In making note of the lot of firemen employed on the Nickel Plate last Tuesday The Sentinel omitted the name of F. Diehl, who comes from the east. He is now out on the road receiving instructions.

P. E. Hibinger, a brakeman, who resigned a position on the Nickel Plate two or three months ago to engage at other work, has returned to his old position, finding it impossible to remain away longer.

Clarence A. Lehneke, one of the puzzle switch operators at the Pittsburg yards, is off duty on account of the sickness of his little son. James Young, from the east yards, is taking Mr. Lehneke's place at the switch.

Storekeeper Enoch Cox, of the Pennsylvania, passed a very uncomfortable night, the malady having assumed more serious form. In addition to a distressing stomach affection, Mr. Cox suffers from neuralgia of the head and body.

Will Turner, of the Nickel Plate, who has borne the honor of being the champion pie eater of the city for several years, met his Waterloo yesterday in the person of John Adams. The contest took place at the home of Engineer P. W. Donahue, 239 West Main street, where the pie eaters were invited to participate in a Ch[illegible] Tha[illegible] upon the pastry was terrific, but of short duration. Score—Adams, 18 pieces; Turner, 17 pieces.

Dennis O'Connors, of the Pittsburg machine shop, went to Grand Rapids last night to attend the funeral of his nephew, John O'Connors, whose death was mentioned in The Sentinel two or three days ago. John O'Connors, the father, and W. F. O'Connors, the brother of the deceased, went to Grand Rapids last Tuesday morning.

The factories of Rhinesmith & Simonson and the Anthony Wayne Manufacturing company resumed operations this morning, after a shut down of a week on account of no coal. Business is good with each firm and it is hoped there will be no further necessity for a suspension of operations.

Bellevue Gazette: "On Monday there was a party of high Nickel Plate officials in town and held a conference in regard to the Tracy case. In the party were President Johnson, Supt. S. K. Blair, Chief Counsel Clark and others. The result of the conference was not made public, but it is hinted that an effort at a compromise will be attempted."

Brakemen J. J. Stephens, J. C. Stuart and G. A. Hartwick, of the Nickel Plate, are off duty on account of sickness. Mr. Hartwick was taken ill while out on the road Tuesday night and had to abandon his run and "deadhead" home. Brakeman C. M. Tindall, who was visiting in Ohio, and Brakeman C. F. Baum, who was sick a few days, were able to report for duty yesterday.

James McCrea, president of the Logansport and Toledo railway company, announces that that company, having acquired the railway heretofore known as the Eel River railway, and extending from Logansport to Butler, will take possession of it midnight December 31. It will be operated as a part of the Vandalia system, under Volney T. Malott, trustee.

In order that he may have a Sunday lay over in this city, where his family reside, Local Engineer C. H. Van Gorder, of the Nickel Plate, has taken Engineer Al. Becker's run and Engineer F. L. Davis has been assigned temporarily to Mr. Van Gorder's old run, Fort Wayne to Leipsic and reverse. Mr. Becker has been in the hospital for a surgical operation and will not be able to work for a few weeks.

COMMON SENSE AND CONSUMPTION

The treatment of consumption is every year becoming more successful. The majority of cases can be cured if taken in time. Not more medicine but more common sense is the cause of the improvement.

Fresh air, good climate, food, clothing, exercise, all these are important features of common sense treatment.

As a builder of flesh and restorer of strength Scott's Emulsion is still unequaled. The special action of Scott's Emulsion on the lungs is as much of a mystery as ever—but an undoubted fact.

Common sense and Scott's Emulsion is good treatment.

We'll send you a little to try, if you like.

"ALL WRIGHT—FOR MORE THAN HALF A CENTURY"
WRIGHT'S PILLS

Impairment of hearing robs one of many of the joys of life, exposes to danger, interferes with capacity for usefulness, limits ability to transact business and earn a living. Many annually abandon their plans, ambitions and hopes on account of loss of hearing.

In nearly every case of partial or complete deafness there is another feature that to many is more troublesome than the difficulty of hearing—the distracting head noises. These make such an impression on some as to almost drive them insane. The everlasting buzzing, ringing, snapping, rumble or roar, distracts them by day and prevents rest at night.

Nine cases out of ten of head noises and progressive hardness of hearing are due to catarrh of the middle ear or of the tube leading from it to the throat.

It should be understood and constantly borne in mind that to restore the hearing and silence the distracting noises a treatment is required that will allay inflammation in the eustachian tubes, reduce the congestion and swelling and stop the secretion of mucus so that the tubes will be and keep open for the free passage of air into the middle ear. No locally applied medicine will effectually do this, only a searching constitutional alterative and resolvent will cure catarrh in the deep recesses of the head.

Two acquaintances of the writer were run down and killed by the cars in one year. Both had catarrh of the head, which had extended up the eustachian tubes, leading from the throat to the middle ear, and were quite hard of hearing. In both cases the coroner's jury decided that they came to their death because of inability to hear and heed signals that were intended for them. What happened to them is of frequent occurrence and in three cases out of four might have been prevented by the use of Stuart's Catarrh Tablets. These tablets cure all kinds of catarrh. They can be bought at any drug store for 50 cents a box.

That Stuart's Catarrh Tablets do effectually cure catarrh of the eustachian tubes and the head noises and deafness resulting therefrom is attested by the following:

Mrs. Jane Barlow, the famous modiste, says:—"I finally had to give up personal attention to my customers, and in consequence many of them went elsewhere. I was in despair for specialists seemed powerless to help me. Stuart's Catarrh Tablets cured me in just a little while so completely that now I hear as well as ever."

Army Surgeon C. S. Beverly became so deaf from catarrh that he was forced to resign his position and abandon his profession. He says:—"Of course my inherent professional prejudice was hard to overcome, but knowing of the great benefit you had received, my dear general, through the use of Stuart's Catarrh Tablets, I used them. The great and almost immediate relief I experienced was truly astonishing. I am now entirely cured and have no fear of the disease returning. I go back to my old post next month."

Stuart's Catarrh Tablets have done it, do do it, will do it. Try them and be convinced. They are for sale at any drug store at 50 cents a box. It will put you to very little trouble or expense to prove what they will do for you. Send to F. A. Stuart Co., Marshall, Mich., for their free book about catarrh. A postal card will bring it. How Strong Are You?

The dial of the punching machine won't answer that question. Strength depends on nutrition. When the stomach and other organs of digestion and nutrition are diseased, the body fails to receive its full supply of nourishment and hence grows weak. That is why no man is stronger than his stomach.

Dr. Pierce's Golden Medical Discovery cures diseases of the stomach and the allied organs of digestion and nutrition. The food eaten is then perfectly digested and assimilated and the body is made strong in the only possible way—by nutrition.

"I was troubled with indigestion for about two years," writes Wm. Bowker, Esq., of Julinetta, Latah Co., Idaho. "I tried different doctors and remedies but to no avail, until I wrote to you and you told me what to do. I suffered with a pain in my stomach and left side and thought that it would kill me. Now I am glad to write this and let you know that I am all right. I can do my work now without pain and I don't have that tired feeling that I used to have. Five bottles of Dr. Pierce's Golden Medical Discovery and two vials of his 'Pleasant Pellets' cured me."

IN TROUBLE AGAIN

WABASH AND B. & O. RESUME ACTIVE HOSTILITIES.

THE CROSSING DIFFICULTIES

BREAK OUT AFRESH, STOPPING WORK AT ST. JOE.

SHORTAGE IN MOTIVE POWER

BRINGS ABOUT ANNOYING BUT TEMPORARY BLOCKADE.

Trouble has broken out afresh at St. Joe, where the new line of the Wabash crosses the Baltimore and Ohio road. Last Monday it was announced that all differences between the companies had been adjusted and that the work of building the new road would proceed from the Butler end without further interference. With this understanding the construction trains and men were taken from the New Haven to the Butler end of the line, where the bulk of the construction material is located. This morning the whole outfit returned to New Haven and will work northward until the line is completed to the Baltimore and Ohio crossing. By that time it is believed the crossing difficulties will have been adjusted. The exact nature of the legal situation which is responsible for the present suspension of work on the Butler end of the road could not be learned here today. This weather, while not the most favorable for railroad building, is a decided improvement over that of last week and the contractor is taking advantage of it by pushing construction work to the best of his ability and that of his working force.

WORKING A BIG FORCE.

The brief suspension of local freight business on account of Christmas has been followed by a pile of work which could not be handled in the usual manner and by the usual day force and at all of the warehouses additions were made by drawing upon other departments. At the Pennsylvania warehous the night force came to the rescue, working until the noon hour. Matters are fast resuming normal conditions and tomorrow will find business running smoothly again.

FELL ON THE SIDEWALK.

While walking down street yesterday Herman Mannweiler stepped upon a banana peeling and instantly he was thrown to the stone pavement. In the fall his right hand was caught beneath his body in such a manner that the knuckles were almost dislocated and the tendons severely sprained. The injury is most painful and Mr. Mannweiler will be unable to work for a week or longer.

BIG ABSENTEE LIST.

The Pennsylvania shops are running light-handed today, the absentee lists being larger than they have been any other day in the past month. Undoubtedly many of the absent ones are sick, but they failed to report cause of absence. Among this class are Henry Burlage, G. C. Dierstein, Louis Stutter, T. J. Morris, J. L. Bedwards, H. C. Roan, J. Gans, V. Schroyer, J. Moore, W. Lepper, John Wilhelm, A. J. Huber, J. Gomoll, James Donahue, Charles Szink and Andy Koonz. John Neibel has an injured eye, E. L. Field is attending a funeral, D. J. Barkley is with his parents at Hoagland, C. W. Cran and H. Welsh are looking after private business and Philip France and Charles Heckman are sick.

EX-CONDUCTOR MOORE HERE.

S. C. Moore, ex-conductor on the Grand Rapids and Indiana road, is in the city to spend the holidays with his family and numerous friends. Mr. Moore is now managing extensive zinc mines in Joplin, Mo., for a company composed of Fort Wayne men and of which he is a member and stockholder. The property is valuable, though circumstances have arisen to retard the work of mining temporarily. An adjoining mine is turning out $20,000 worth of ore per month. It is believed that the property owned by Mr. Moore and his business associates will prove even more productive in a short time.

WAS FORMER FORT WAYNEITE.

The Huntington News-Democrat announces the death of Jerry Miller, which occurred in that city Tuesday morning at 9 o'clock. The deceased was quite wealthy, being the owner of some valuable real estate in Chicago and Huntington. He was a machinist by trade, having learned that business in the Wabash shops in this city, but for some years prior to death he had been engaged exclusively in the real estate line. He worked in the Pittsburg and in the Bass shops in this city, also, after completing his apprenticeship.

ON ITS BIENNIAL TRIP.

The Pennsylvania color-blind car started upon its regular biennial tour of the lines in the northwestern system this morning. When applicants for positions in the train service are made, they are given a thorough test as to color-blindness and if there are the least suspicions of its presence the applicant is refused. The car is simply to determine if there are any who have contracted this defect in sight within the past two years or since they entered the service.

CONDUCTOR MAUK BETTER.

It will be pleasant news to a large circle of friends to hear that F. M. Mauk, the Pennsylvania passenger conductor, is making rapid progress toward recovery, after an illness extending back several months. Mr. Mauk is able to walk about and do light chores about the house and barn and seems to feel that the improvement is going to be permanent.

GAVE HIM A LANTERN.

Conductor F. I. Stump, who enjoys the good will of his fellow railroad men to a degree rarely experienced, was the recipient of a few honors at the hands of the Findlay, Fort Wayne and Western employes yesterday. Just before his train pulled out of the Findlay station, he was summoned to the ticket office, where Agent W. A. Morris, in behalf of his fellow railway men, presented Mr. Stump with a conductor's lantern of a new pattern. The recipient was so surprised that he was scarcely able to express his thanks.

SCOTT COOPER'S CONDITION.

Mrs. J. D. Swayne, of South Broadway, has returned from Springfield, Ill., where she went several days ago to see her brother, Mr. Scott Cooper, whose misfortune was mentioned in The Sentinel two or three weeks ago. Mrs. Swayne reports her brother's condition favorable, though there is some danger of undue inflammation setting in the wounded eye. The piece of steel which destroyed the eye penetrated the upper socket wall, almost reaching the brain. Mr. Cooper is the general foreman of the Wabash shops at Springfield. He is a native of Fort Wayne and is widely known here.

DECEIVED THE "BOSS."

A number of freight engineers and conductors on the Big Four lines are anxious as to the result of their failing to report for duty during the recent cold weather, says the Indianapolis Journal. So many sent in excuses that they were unable to work on account of illness that the superintendent thought it his duty to call and see if they needed any aid of any kind and he visited their homes. To his surpise he found that four of the number were out rabbit hunting and others were off visiting. He was so indignant over the matter that he has summoned them to his office to see what excuse they have to offer before taking further action in the matter.

NO APPOINTMENT YET.

Motive Power Supt. J. B. Barnes, of the Wabash, who has been in the city a few days combining business with a visit with relatives, said to a Sentinel reporter this morning that he had not decided upon a successor to Master Mechanic G. S. McKee and would probably not settle that question for a week. Mr. Barnes parts with the services of McKee with regret, as their associations have been most pleasant. Mr. Barnes will leave this evening for his home, Springfield, Ill.

A SHORT BLOCKADE.

For the period of an hour there was a complete blockade at the Nickel Plate yards yesterday, due more to lack of power to move the trains than to any other cause. At 3 o'clock in the afternoon there were 8,000 tons of freight in the yards and available power sufficient to move about 2,100 tons. Cars filled every track but the main track from the Lake Erie and Western road to the bridge and a long string of cars extended east as far as the freight house. Then engines began to become available and the immense tonnage was soon out on the road en route to its destination.

INDUSTRIAL NOTES.

Mrs. N. Gruber, wife of the Pittsburg shopman, went to Buffalo Tuesday for a week's visit with relatives.

C. P. Porter, assistant cashier of the Wabash freight house, and his family, are at Peru, the guests of his mother.

Engines bearing the letters C., R. & D. are becoming a common sight on the Findlay. No. 30 is hauling passenger train 2 during repairs to the Findlay engine usually employed on that run.

George Wood, of the electric works, is entertaining his old friend, Frank Mahoney, of Chicago.

John J. Beugnot, foreman of the Pennsylvania car machine shop, was the guest of friends in Indianapolis yesterday.

Boilermaker Patrick Cunningham, of the Wabash shops, has been confined to his home a few days with an injured eye.

W. H. White, air brake man at the east car shops, resumed work this morning after an absence on account of an injured hand.

Darius Preble and Paul Laible resumed their respective duties at the electric works this mornig, after being on the sick list.

Passenger engine 169, from the eastern division of the Nickel Plate, has gone to the Stony Island shops for general repairs.

Mrs. James Young, wife of the Pennsylvania switch tender, has gone to Upper Sandusky for a week's visit with her parents.

Mrs. John L. Cooper and daughter, Queen, of Goshen, are visiting Patrolman John M. Neufer, of the Pennsylvania police department.

C. K. Norton, who has charge of the Nickel Plate dining cars during their stay in this city, is entertaining his son, James Norton, of Toledo.

Mrs. Telley, wife of Engineer Frank Telley, of the Nickel Plate, is quite sick and Mr. Telley has been staying at home on that account.

Perb Davis, well known Pennsylvania switchman, is quite sick and may go to the hospital for an operation. He suffers from gall stones.

Machinist Thomas Mills, of the Wabash shops, and his wife, have as guests the lady's brother, Andrew Shuhler, and family, of Lima, Ohio.

Passenger engine 623, from the Detroit division of the Wabash, arrived here this morning and was taken into the shops for light repairs.

William J. Haas resumed his duties at the Pittsburg freight office this morning after an absence on account of the death of his brother, Louis Haas.

Miss Elnora Scott, of the State university at Bloomington, Ind., is the guest of her father, Motorman A. W. Scott, of the Fort Wayne Traction road.

Freight House Foreman H. J. Acker, of the Pennsylvania, is on duty again. The reader will remember that Mr. Acker sustained severe injuries by a fall two weeks ago.

Machinist and Mrs. Adam Collis and their son left last night for Altoona, Pa., where Mrs. Collis' father is so ill that he cannot live more than a day or two. Mr. Collis works in the Pittsburg shops.

In making note of the lot of firemen employed on the Nickel Plate last Tuesday The Sentinel omitted the name of F. Diehl, who comes from the east. He is now out on the road receiving instructions.

P. E. Hibinger, a brakeman, who resigned a position on the Nickel Plate two or three months ago to engage at other work, has returned to his old position, finding it impossible to remain away longer.

Clarence A. Lohneke, one of the puzzle switch operators at the Pittsburg yards, is off duty on account of the sickness of his little son. James Young, from the east yards, is taking Mr. Lohneke's place at the switch.

Storekeeper Enoch Cox, of the Pennsylvania, passed a very uncomfortable night, the malady having assumed more serious form. In addition to a distressing stomach affection, Mr. Cox suffers from neuralgia of the head and body.

Will Turner, of the Nickel Plate, who has borne the honor of being the champion pie eater of the city for several years, met his Waterloo yesterday in the person of John Adams. The contest took place at the home of Engineer P. W. Donahue, 289 West Main street, where the pie eaters were invited to participate in a Christmas dinner. The onslaught upon the pastry was terrific, but of short duration. Score—Adams, 18 pieces; Turner, 17 pieces.

Dennis O'Connors, of the Pittsburg machine shop, went to Grand Rapids last night to attend the funeral of his nephew, John O'Connors, whose death was mentioned in The Sentinel two or three days ago. John O'Connors, the father, and W. F. O'Connors, the brother of the deceased, went to Grand Rapids last Tuesday morning.

The factories of Rhinesmith & Simonson and the Anthony Wayne Manufacturing company resumed operations this morning, after a shut down of a week on account of no coal. Business is good with each firm and it is hoped there will be no further necessity for a suspension of operations.

Bellevue Gazette: "On Monday there was a party of high Nickel Plate officials in town and held a conference in regard to the Tracy case. In the party were President Johnson, Supt. S. K. Blair, Chief Counsel Clark and others. The result of the conference was not made public, but it is hinted that an effort at a compromise will be attempted."

Brakemen J. J. Stephens, J. C. Stuart and G. A. Hartwick, of the Nickel Plate, are off duty on account of sickness. Mr. Hartwick was taken ill while out on the road Tuesday night and had to abandon his run and "deadhead" home. Brakeman C. M. Tindall, who was visiting in Ohio, and Brakeman C. F. Baum, who was sick a few days, were able to report for duty yesterday.

James McCrea, president of the Logansport and Toledo railway company, announces that that company, having acquired the railway heretofore known as the Eel River railway, and extending from Logansport to Butler, will take possession of it midnight December 31. It will be operated as a part of the Vandalia system, under Volney T. Malott, trustee.

In order that he may have a Sunday lay over in this city, where his family reside, Local Engineer C. H. Van Gorder, of the Nickel Plate, has taken Engineer Al. Becker's run and Engineer F. L. Davis has been assigned temporarily to Mr. Van Gorder's old run, Fort Wayne to Leipsic and reverse. Mr. Becker has been in the hospital for a surgical operation and will not be able to work for a few weeks.

COMMON SENSE AND CONSUMPTION

The treatment of consumption is every year becoming more successful. The majority of cases can be cured if taken in time. Not more medicine but more common sense is the cause of the improvement.

Fresh air, good climate, food, clothing, exercise, all these are important features of common sense treatment.

As a builder of flesh and restorer of strength Scott's Emulsion is still unequaled. The special action of Scott's Emulsion on the lungs is as much of a mystery as ever—but an undoubted fact.

Common sense and Scott's Emulsion is good treatment.

We'll send you a little to try, if you like.

THE WEATHER.

Chicago, Dec. 26.—Forecast for Indiana—Threatening with possibly light showers this afternoon or tonight; Friday fair; moderate temperature; variable winds.

LOCAL LINES.

Ben Hur court No. 15 will elect officers Friday night.

Mrs. H. T. Hite, of Broadway, is spending the holidays wtih friends in Ohio.

Miss Ruth Hazel Funk, of Warsaw, is the guest for a few days of Miss Ignoto White.

Mrs. Frank McKinnie and sons, of Pittsburg, are the guests of Mr. and Mrs. W. M. McKinnie.

The regular meeting of the Red Men will be held this evening instead of Wednesday night.

Miss Kate Bowen was in Cleveland for a month the guest of Mrs. McDonald and Mrs. Dr. Halliday.

Willie Strawbridge, of East Wayne street, is spending the holidays with his grandmother in Bucyrus, O.

The prayer meeting at the Third Presbyterian church will be held this evening, instead of last evening.

C. N. Tubbs, of Grand Rapids, Mich., is the guest of her sister, Mrs. H. J. Slade, of Washington boulevard.

The W. C. T. U. will meet in room 15, Arcade, on Friday, at 2:30, to pack a box for the Hadley Industrial school.

Mrs. E. H. Whitmore and daughters, Avis and Edna, are visiting relatives and friends in Butler for a few days.

Mrs. R. F. Douglas has returned from Elkhart, Ind., where she was the guest of Mr. and Mrs. Joseph Douglas two or three weeks.

Mrs. C. C. Miller and daughter, Ivens, of South Calhoun street, are spending the holidays the guests of Mrs. Miller's parents in Lima, O.

Dr. and Mrs. L. P. Drayer and Mrs. A. B. Clowe have returned from Hartford City, where they attended the funeral of the late Dr. Peter Drayer.

Mr. and Mrs. Thomas Netherill and daughter, Gertrude, of Kenton, O., are spending the holidays the guests of Rev. and Mrs. J. W. Lake, of East Lewis street.

The ladies' society of Westminster Presbyterian church will meet Friday afternoon at 2 o'clock in the chapel. A full report of the Christmas sale will be given.

The Ladies' Progressive Aid society will meet tomorrow evening at 503 East Washington street. A social will be given and a general invitation is extended to everyone.

In the list of officers of Deborah Rebekah lodge, published yesterday, the names of the following officers were inadvertently omitted: Trustee, Alice Thorp; drill mistress, Ida Kitselman; pianist, Grace Chase.

Dr. G. W. Bowen has imported from Porto Rico fifty pounds of Hacienda coffee raised on the island and hand picked. The doctor believes the coffee is superior to the brands of coffee commonly used.

Mr. and Mrs. William Yates, of 16 Michigan avenue, are entertaining their daughters, Mrs. Howard Shephard and Mrs. Roy Conklin, of Chicago; Mrs. Dr. Rice, of Detroit, and Mrs. Ira Hall, of Bloomington, Ill., for the Christmas holidays. This is the first reunion in Mr. Yates' family in ten years.

The Christmas cantata, "Santa Claus, jr." was very well received at the Trinity M. E. church last evening. Every part was rendered most excellently and the whole entertainment was so satisfactory that they have consented to answer a request for so doing and give this most beautiful exhibition of the Christmas story tonight. Last evening some were turned away who could not get admission. This evening it is thought that all who come can get into the church and find comfortable seats.

WEDDING PLEASURES MARRED.

Miss Jessie V. Kitselman, of this city, and John O. Bryant, of Allegheny, Pa., were united in marriage Wednesday afternoon at 3 o'clock in Rev. J. A. P. McGaw's study, the witnesses being a few intimate friends of the young couple. A few minutes after the wedding took place the bride was informed of the death of her grandmother, Mrs. Anna J. Kitselman, who lived in Elkhart.

THE FRANK DRY GOODS CO.

CASH NOT REQUIRED.

During the Christmas holidays fat pocketbooks grew slim and slim pocketbooks grew slimmer. The thought that one was compelled to slight some dear friend in the distribution of gifts was unpleasant.

There was at least one store in this city where people with slim purses and generous hearts turned for relief.

It is a store where one can go and select the most practical gifts without being compelled to lay down the cash.

It is a store where only worthy stylish goods are sold and sold on such easy and convenient terms of credit that any person can secure them.

At this store one can purchase fine clothing, hats and shoes for women, men and children at lowest possible prices.

You can buy what you want at any time and have it charged if you will open an account with Menter, Rosenbloom & Co., 109 Calhoun street.

Christmas Presents

...For the Little Ones...

This Coming Saturday, December 28th

In order that many of the little ones won't be disappointed, we have concluded to add enough packages to the window to make 1000 in all, and on Saturday of this week each boy or girl that will call between the hours of 8:30 and 10 o'clock, will be entitled to one of these remaining packages free of charge.

These packages were left over from our great 25 cent sale and include only choice and fine goods.

This sale being exclusivly for children, only those between the ages of 6 and 8 will be allowed to enter the store during this sale.

J. L. SIEVERT, Wholesale and Retail Jeweler.

The Indiana Furniture company's army of employes, thirty in number, presented each of their employers, Mr. W. F. Graeter and Mr. J. V. Reul, with a handsome and valuable gold headed umbrella; each employe received a valuable present. Several of whom have been in the firm's service since its infancy, viz: T. J. Cummings, Charles Gross and G. P. Esig, and have saw its growth to a magnitude not excelled by any firm in northern Indiana. Their first place of business was in a small framé structure about 10x15 feet, located on Calhoun street, on the space now occupied by the wholesale house of Bursley & Co. The firm now occupies a floor space of fifty-four thousand and one hundred feet, and expects to add many thousand feet more floor space soon, as the present quarters are not large enough. The firm, with their fair dealings, magnificent stock and low prices, have long since gained the confidence of the public.

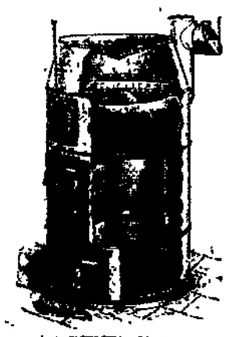
OUR BUSINESS...



Is to make folks comfortable. Keep warm, keep well. Perfect heating is necessary for perfect health. Our Royal Furnace gives perfect heat at an economic price. It's certainly the warmest proposition yet made.

Nothing like it for house-warming. Is your spare room a winter terror? Put in a Royal Furnace and live in comfort. The Royal burns any kind of fuel. Let us figure with you.
